CAMPUS LOCATION AND FACILITIES

Curtin Singapore is located 10 minutes from the central business district and has a wide range of facilities that make student life more convenient and productive. Lifestyle facilities include on-campus food outlets, student lounges, gymnasium and basketball court, while academic facilities such as the library, campus-wide wireless internet and computer labs support your learning experience.

COMMITTEE FOR PRIVATE EDUCATION

The Committee for Private Education (CPE) is part of SkillsFuture Singapore (SSG) and governs private education in Singapore. Curtin Singapore fully supports the legislation and works strictly within the EduTrust framework. Curtin Singapore has achieved EduTrust Certification and implemented mandatory requirements such as Fee Protection Scheme and the use of a PEI-Student Contract as required by the CPE.

FEE PROTECTION SCHEME

One important aspect of the EduTrust framework is the Fee Protection Scheme (FPS). Compulsory for both international and local students, the FPS serves to protect students against the loss of tuition fees due to malpractice by the course providers and in the event that a private education institution (PEI) is unable to continue operations due to insolvency and/or regulatory closure.

PEI-STUDENT CONTRACT

The PEI-Student Contract is a legally binding contract between Curtin Singapore and Curtin Singapore students that embodies the following mandatory requirements:

- clear definition of course details—course title, the qualification awarded, course duration
- full disclosure of all costs for tuition/non-tuition fees
- clear definition of the refund policy
- clear definition of dispute resolution mechanisms.

Curtin Singapore students will be issued with a comprehensive PEI-Student Contract with their Letter of Offer.
