

2023

Welcome

Welcome to the Griffith University International Student Guide.

As a former international student, I know that making the decision to study overseas is a big one. At the moment, there is even more to consider than normal. Griffith is committed to ensuring that you are well-supported and able to make the most of the renowned Griffith student experience, wherever you may be when you start your studies with us.

This Guide contains information to help you make the right choice about where and what to study. For nearly 50 years, Griffith has been helping students achieve academic success, and ensuring that all our graduates are well-prepared and ready for their future careers. We are proud to host students from approximately 130 countries, and pride ourselves on providing a remarkable student experience. We recognise the importance of international rankings but, equally importantly, are committed to ensuring that you have the opportunity to learn from some of the best university teachers in Australia, in programs that have been designed with the future in mind.

Congratulations on taking this first step, and I hope that you will find what you are looking for in the pages of this Guide. Remember, too, that there is more information and detail about what Griffith has to offer at griffith.edu.au. Please let us know if there is anything more that we can do to support you in making this significant decision. We're with you all the way, and ready to help in any way we can as you embark on your study program.

Professor Sarah Todd
Vice President (Global)

About Griffith

At Griffith, we're led by our values. Our teaching and research prioritise innovation and social impact, reflecting our belief that everyone deserves a chance to make a difference—for themselves and others. We rank among the world's best universities and continue to improve our international standing. In the largest and most credible world university rankings, we are ranked in the top 300—placing us in the top 2% worldwide.

Ranked in the top 2% worldwide

Griffith ranks alongside some of the best universities in the world.*

Research that makes a difference

Benefit from our vibrant research culture and learn from researchers at the forefront of discovery.

Global impact

Through our teaching and research we support you to make a difference to the world.

Australia's most awarded teachers

Study at a university that has some of the top university teachers in Australia.^

Future focused

Prepare for the future world of work with degrees developed in consultation with industry and based on cutting-edge research.

Prepared for employment

We include real-life industry experiences in our degrees and have a great range of employability initiatives to help you be job-ready.

Creating global citizens

Our degrees have an international focus, preparing you for work around the world.

Young and ambitious

We rank highly as a young university—33rd in the 2022 Times Higher Education Young University Ranking.

Support you need to succeed

You will have access to a wide range of services to make sure you are supported and connected.

* In four of the largest and most credible world university rankings, Griffith is rated in the top 300. These are the 2022 Times Higher Education World University Rankings: 201–250, 2021–2022 University Ranking by Academic Performance: 256, 2022 US News Best Global Universities: 201, and the 2022 QS World University Rankings: 290. Current as at June 2022.

^ Teachers who have won more Australian Government awards, citations and fellowships than any other university in the past five years.

Life in Queensland

02

Brisbane

Brisbane is a vibrant, expanding city, offering world-class education, a beautiful climate and superb lifestyle. It is an ideal place to study and develop your career.

-  Average temperature: 15°C – 26°C
-  Population: 2.58 million*
-  283 days of sunshine a year
-  One of the world's most liveable cities
-  Culturally diverse population: 28% of Brisbane's residents were born overseas
-  State capital of Queensland

* Population data supplied by City of Brisbane
brisbane.qld.gov.au/brisbane-community-profiles

Gold Coast

Beautiful beaches, an excellent quality of life and friendly people make the Gold Coast a popular study destination.

-  Average temperature: 15°C – 25°C
-  Population: More than 630,000*
-  300 days of sunshine a year
-  Beautiful white sandy beaches spanning nearly 60km of coastline
-  100,000 hectares of World Heritage-listed rainforests
-  Regional status means students can apply for extended post-study work rights[^]

* Population data supplied by City of Gold Coast
goldcoast.qld.gov.au/Council-region/About-our-city/Population-data

Build your career

06

Griffith University graduates are well equipped for the new world of work. We include real-life industry experiences in our degrees and have a great range of employability initiatives to get you job-ready.

Work-integrated learning

Employers like to see experience from the real world on your resume. You can gain practical experience while you study, build your portfolio and develop networks through internships and industry placements. Many work-integrated learning opportunities will allow you to earn credit towards your degree.

Mentoring

Griffith's range of mentoring programs will connect you locally and globally, allowing you to engage with students, alumni and industry professionals. Through our Industry Mentoring Program we find you a suitable mentor to support and guide your career development.

Leadership programs

Join one of our leadership programs, including the Griffith Business School Student Leadership Program, Griffith Honours College or Griffith Mates. You will receive formal recognition for participating in these programs and gain a range of experience and skills sought after by future employers.

Griffith Honours College

Griffith is the only university in Australia with an honours college. The Griffith Honours College is an extracurricular program for outstanding students that provides experiences to increase your employability and graduate opportunities. Many of these experiences are exclusive to Griffith Honours College students and will enable you to develop a global perspective while enhancing your leadership, communication, teamwork, research and industry skills.

griffith.edu.au/griffith-honours-college

Careers and Employment Service

Our Careers and Employment service supports you to plan your career, become job ready, and find work after you graduate. Get help with resumes, cover letters, interview preparation and job search techniques to improve your employability and increase your chances of finding your dream job.

griffith.edu.au/careers

Community Internship

The Community Internship is a 10 credit point course, available to students in most degrees. Through this course you will be able to make a difference in a local community organisation while developing a range of professional and personal skills. You will spend a minimum of 50 hours in a not-for-profit organisation placement and combine this with academic learning. With hundreds of internship opportunities, we can tailor the internship to match your study area or interests.

'The Griffith Business School Student Leadership Program provided me the opportunity to travel to Borneo, mentor fellow students and gain transferable skills I now use in my profession.'

Alvin (Malaysia)

Bachelor of Commerce and Bachelor of International Business graduate

Find out more at:

griffith.edu.au/employability

*'I loved the job opportunities
and work placements.
Griffith facilitated my
transition from student
to staff of a big company.'*

Mauricio (Colombia)
Master of Information Technology

International scholarships and awards

08
—

We offer a range of scholarships and awards to support international students studying our undergraduate, postgraduate, research and pathway programs.

A Griffith scholarship can ease the cost of study significantly, helping to cover tuition fees.

Scholarships are awarded primarily on the basis of academic merit and, for coursework students, eligibility is assessed automatically as part of the admission process.

Find out more at:

griffith.edu.au/international-scholarships

‘Griffith University helped me in achieving my dream—the scholarships and learning process at Griffith changed my life.’

Maria (Pakistan)
PhD in Marketing

‘What do I love most about life in Queensland? The sunshine, the beaches, the Great Barrier Reef, the waterfalls, the endless amounts of things to do, the ease of transport. But if I had to pick one thing, it would be that it feels a lot like home, but with more sunshine and more sand!’

Brittani (Canada)
Bachelor of Dental Health Science

Accommodation

10

Whether you would like to live on-campus or off-campus, there are several options you can explore to find housing to suit your needs. You can also choose Homestay and live with a local Australian family while you study.

Off-campus

In Australia, share housing—where you share a house or apartment with a number of other students—is the most common form of off-campus accommodation.

When looking for suitable off-campus accommodation you will need to consider:

- the cost of rent (usually advertised as a weekly amount)
- if utilities are included in your rent (electricity, water, gas)
- if internet is included in your rent
- if the accommodation is furnished
- how close the accommodation is to your campus
- access to public transport

Off-campus accommodation preferred partners

Griffith University has established preferred partnerships with a selection of off-campus student accommodation providers across its campuses between Brisbane and the Gold Coast. To be included in this program, providers are inspected by University staff and are required to meet a set of performance standards that ensures quality and safety.

Brisbane

Genesis 1; Scape; Student One; UniLodge; Uniresort; Urbanest.

Logan

UniCentral Griffith.

Gold Coast

University Village; Metro on Central; University Square.

Temporary and short stay accommodation

We recommend organising temporary accommodation for your first few days or weeks in Queensland, as it is important that you inspect your long-term off-campus accommodation before you move in. Short stay on-campus accommodation may be available at our Nathan campus.

Homestay

Homestay accommodation gives you the option of living with an Australian family while you study. Homestay is available to students at all Griffith campuses. Some homestay providers offer independent living options such as a granny flat. Homestay is a great way to develop your English language skills and experience life in Australia, and offers catered and self-catered options. griffith.edu.au/homestay

On-campus

Griffith offers self-catered accommodation on the Nathan campus and partners with Campus Living Villages to provide self-catered, on-campus accommodation in the Griffith University Village on the Gold Coast campus.

Living on campus is a fantastic way to meet new people, find out about new cultures, and develop independence. On-campus accommodation is usually fully furnished and provides access to cooking facilities, laundry facilities, gym equipment, common rooms and internet.

Find out more at:

griffith.edu.au/accommodation

Cost of living

South East Queensland is an affordable and friendly place to study and offers a combination of quality education and high living standards.

The cost of living in South East Queensland is considered more affordable than other major Australian cities such as Sydney and Melbourne*.

The Australian Government requires students to have access to a minimum of AUD \$21,041 (Australian dollars) per year to meet their living costs, and more if they will have family members accompanying them.

* In the QS Best Student Cities 2022 rankings, Brisbane and the Gold Coast are ahead of Sydney and Melbourne in the Affordability Rank.

Calculating your total cost of study

Your total cost of studying in Australia will include:

- tuition fees
- visa application fees
- Overseas Student Health Cover (OSHC)
- flights
- cost of living
- other personal and study-related expenses.

Tuition fees

Tuition fees are reviewed annually, and international students should expect a small increase in fees each year. Detailed information on the fees relevant for your degree, including the fees applicable in your commencing trimester, is available at degrees.griffith.edu.au

Weekly cost of living estimate

	Self-catered on-campus	Share house off-campus	Homestay off-campus
Campus availability	G, N	G, N, M, S, L	G, N, M, S, L
Rent	\$166–\$394	\$160–\$440	\$235–\$325
Food	\$140–\$280	\$140–\$280	Variable*
Transport to university	Walking distance	\$30–\$60	\$30–\$60
Electricity and gas	Included	\$10–\$20	Included†
Mobile phone and internet	\$15–\$30 (Internet included at Gold Coast and Nathan campuses).	\$15–\$30	\$15–\$30
Entertainment	\$80–\$150	\$80–\$150	\$80–\$150

* Fully-catered Homestay accommodation includes food. Fully-catered, semi-catered or self-catered Homestay accommodation will vary.

† Students can expect to pay an additional cost for heating and air conditioning.

The information above is based on 2022 costs according to Study Australia studyaustralia.gov.au/english/live/living-costs. Please be advised it is an estimate only and individual differences mean prices will vary. The above costs do not include: arrival costs, security deposit, textbooks, clothing and medical expenses.

Find out more at:

griffith.edu.au/international-costs

Your student experience

12

Meet new people, make friends, enjoy the Australian lifestyle and, most importantly, have fun! We want you to have the best possible experience with your studies and enjoy your time at Griffith.

Sport and fitness

Griffith offers a variety of sporting facilities and competitions.

- Join Griffith Sport for social sport competitions.
- Enjoy discount student memberships for facilities including:
 - on-campus gyms
 - athletics track—Gold Coast
 - Mt Gravatt Tennis Centre
 - swimming pools at Mt Gravatt and Gold Coast campuses.

griffith.edu.au/sport

Orientation

Once you are ready to enrol in your first trimester you will be sent a link to myOrientation, a compulsory online orientation that will provide you with key information to prepare you for study and life at Griffith. Orientation Week is when you get to know Griffith, connect with your key support network online or on campus, and have fun meeting people before you start classes.

- Find out about studying and living in Australia at an International Student Welcome session during Orientation Week.
- Discover Brisbane or Gold Coast highlights on a free Twilight City Walking Tour with the Griffith Mates.
- Enjoy free activities online or on campus.

griffith.edu.au/orientation

Clubs and societies

Griffith has over 120 clubs in cultural, religious, political, educational, sporting, professional and special interest areas. There are also international student clubs, societies and associations, including: Africa, Bangladesh, China, Philippines, India, Indonesia, Iraq, Japan, Korea, Latin America, Malaysia, Pakistan, Papua New Guinea, Singapore, Sri Lanka, Thailand, and Vietnam.

griffith.edu.au/clubs

Griffith volunteer community

Griffith Bush Care group

(Brisbane campuses)

Help restore the Australian bush environment and, if you are lucky, see koalas, possums, and sugar gliders. Join us to develop your teamwork skills, learn more about the environment and meet new people.

Griffith Beach Care group

(Gold Coast campus)

Help restore and care for our beautiful coastal environments with the Griffith Beach Care group. This is a great way to give back to the environment, meet new people and enjoy the beaches of the Gold Coast.

griffith.edu.au/mates

Religion

Each Griffith campus provides access to prayer facilities as well as multi-faith chaplains.

griffith.edu.au/chaplaincy

International Student Buddy Program

The International Student Buddy Program runs from Week 1 to Week 4 of each trimester with two drop-in style 'Mates Meetups' each week at the Gold Coast and Nathan campuses and online to meet student needs. Current students (Senior Buddies) provide peer support to commencing international students (Junior Buddies) with each weekly session covering topics to help ease your transition to university life. This is a safe and comfortable environment where you can ask questions about Griffith and life in Australia, as well as practise your English. It's also a great way to make friends!

griffith.edu.au/international-buddy

Find out more at:

griffith.edu.au/life-at-griffith

Griffith Mates

Enjoy the most memorable years of your life with the Griffith Mates.

The Griffith Mates are a diverse peer support network for international students, with members who speak over 46 languages. Look out for the Griffith Mates at Orientation—they may even be waiting to welcome you at the airport arrivals hall once you arrive in Australia!

Find out more at:
griffith.edu.au/mates

Griffith Mates will help you make the most of university, develop friendships, practise your English, and:

- meet other international and Australian students
- join in volunteering opportunities, e.g. learn about the Australian environment
- visit amazing locations with the Griffith Mates on day trips around South East Queensland
- attend free on-campus events and activities from games and sports to networking events
- expand your worldview with cross-cultural leadership opportunities by becoming a Griffith Mate.

Student support

14

You will have access to Griffith University's comprehensive range of student support services, including programs and staff dedicated specifically to helping international students.

Orientation and arrival

Attend a compulsory International Student Welcome session during Orientation Week to supplement the information provided online through myOrientation. Meet your International Student Advisors, connect with Griffith Mates and other commencing students, then join us at our on-campus international events. The Griffith Mates will help you get to know your campus with campus tours during Orientation. Discover the beauty of Brisbane or the Gold Coast through free Twilight Walking Tours hosted by the Mates.

griffith.edu.au/orientation

Financial assistance

If you are having trouble with budgeting or money, there are services available to offer budgeting advice, a textbook exchange service and other support services.

griffith.edu.au/student-support

Career support

Our Careers and Employment service assists with career planning and mentoring. Our successful Industry Mentoring Program matches Griffith students with industry professionals for career development learning and industry exposure.

griffith.edu.au/careers-employment

Library

Become acquainted with the library—we have six libraries with a range of resources for study, including computers, quiet study areas and group work spaces. The library has helpful staff as well as a range of online resources to help you with different aspects of your academic life, including assignments, referencing, exam prep, and more!

griffith.edu.au/library

International Student Advisory

If you need extra information or support, make an in-person or online appointment with an International Student Advisor. International Student Advisors provide information to support you to manage your life and your studies within the conditions of your student visa. Our team of dedicated and highly experienced staff can answer any questions throughout your time on campus and help guide you towards academic success.

griffith.edu.au/international-student-advisors

Accommodation

See page 10 for information regarding accommodation options at Griffith.

griffith.edu.au/accommodation

Academic enrichment and learning support

EnglishHELP: If English is your second language, we provide a free English language learning service to continue developing your academic English and improve your overall academic performance. From dedicated courses to free one-to-one tutoring sessions, we offer a range of solutions that can help you achieve your goals.

griffith.edu.au/englishhelp

PASS: Peer Assisted Study Sessions (PASS) are study groups for specific courses that students often find difficult or demanding. The sessions are facilitated by student leaders who have previously completed the course and achieved excellent results.

griffith.edu.au/students/peer-assisted-study-sessions

Free airport pickup service

Have a friendly face meet you at the airport when you arrive in Australia! International students commencing at Griffith University can apply for a free airport pickup, which takes you from the airport directly to your pre-arranged accommodation. The service is free for eligible new international students arriving into the Brisbane or Gold Coast airports.

griffith.edu.au/airport-reception

Health and wellbeing

If you need a doctor there are health and medical services located on the Gold Coast and Nathan campuses, as well as medical centres and hospitals near every campus. If you need someone to talk to about personal issues, we offer free, confidential counselling sessions on our campuses and a range of online counselling options.

griffith.edu.au/student-support

Disability services

At Griffith, we seek to remove barriers that students with disabilities face in higher education. Through our Disability and Accessibility Service, we aim to improve the participation, retention and success of students with disabilities, while ensuring easy access to learning environments. If you would benefit from the support offered by our Disability and Accessibility Service, we encourage you to make contact with our friendly staff before you start, or at any time during your degree. Prospective students requiring disability support should make contact early so we can provide advice and information about the support available.

griffith.edu.au/disability

Safe campuses

All members of the Griffith University community have a right to feel welcome, safe and supported. We are committed to providing safe and inclusive campus communities, free from harassment, bullying, discrimination and sexual assault and encourage members of the Griffith community to call out, report and seek support when these behaviours occur.

griffith.edu.au/safe-campuses

Find out more at:

griffith.edu.au/student-support

'As an international student, I love the wide variety of cultures, languages and ethnic backgrounds present across the campus. The University supports international students through dedicated advisors, events and activities. I love studying at Griffith.'

Aya (Japan)
Bachelor of Medical Laboratory Science

Know your options

No matter what level of study you have completed, or what English level you have, we have a range of study options and pathways to help you achieve your study goals.

Study options and pathways at Griffith

Trimester teaching

At Griffith we teach across three trimesters, rather than two semesters. Trimesters 1 and 2 are compulsory, so if you begin your degree in Trimester 3, you must complete Trimesters 1 and 2 in the following year; however, if you begin in Trimester 1 or 2, it is not compulsory to enrol in Trimester 3.

Please note: A small number of Griffith degrees require students to enrol in Trimester 3.

Online study

Our online degrees are delivered 100% online, giving you flexibility over where and when you study. Choose between full-time and part-time study options.

Please note: If you enrol in an online or external degree you are not eligible for an Australian student visa.

Explore study options at:
griffith.edu.au/degrees

What am I eligible to study?

Read below for an overview of entry requirements for Griffith University degrees.

Academic entry requirements

Undergraduate (bachelor)

Standard entry*

Completion of secondary school comparable to Australian Year 12 or equivalent academic achievement.

Some programs have higher entry requirements, specific prerequisites or require the submission of portfolios, medical checks or professional work experience.

Pathway option(s)

Study a foundation or diploma program through Griffith College. See pages 22–23.

Gain direct entry into the relevant Griffith University bachelor degree upon completion.

Postgraduate (master)

Standard entry*

A bachelor degree or higher (or equivalent) from a recognised university.

- Master (coursework)
- Graduate Diploma
- Graduate Certificate

You must meet minimum Grade Point Average (GPA) entry requirements. Griffith also recognises the knowledge gained through work experience, as well as prior study, for some degrees.

Pathway option

Study the Masters Qualifying Program (MQP), delivered by Griffith College, for entry into Griffith University Masters programs. See pages 22–23.

The MQP provides you with an opportunity to upgrade your prior study to meet direct entry requirements for a selection of Griffith masters programs.

Research

Standard entry*

Doctor of Philosophy (PhD)

- A bachelor degree (or equivalent) with class I honours or class IIA honours; or
- a master degree (or equivalent) incorporating a significant research component; or
- a record of research, or a qualification granted by a professional or other body, which is deemed to be of a standard comparable to a bachelor degree with class IIA honours.

Master of Philosophy (MPhil)

- a bachelor degree (or equivalent) with at least class IIB honours incorporating a significant research component; or
- a record of research, or a qualification granted by a professional or other body, which is deemed to be of a standard comparable to a bachelor degree with class IIB honours.

Pathway option(s)

Graduate Diploma of Research Studies

Griffith offers graduate diplomas in specific disciplines.

English language entry requirements

Undergraduate (bachelor), postgraduate (master) and research

Standard entry*

- **IELTS:** minimum score of 6.5, with no subscore less than 6.0; or
- **Internet-based (iBT) TOEFL:** score of 79 (no subscore less than 19); or
- **Pearson Test of English (Academic):** overall score of 58 with no score less than 50; or
- **ISLPR:** no score less than 3+ in each skill of the ISLPR (conducted by ISLPR Language Services only).

Pathway option(s)

Complete the Direct Entry Program at Griffith English Language Institute. See pages 18–19.

The duration of English study required will vary depending on your current level of English.

* Visit degrees.griffith.edu.au to view the academic and English language entry requirements for your degree.

Griffith English Language Institute (GELI)

18

For more than 30 years, Griffith English Language Institute (GELI) has been delivering English language programs to international students.

Academic workshops

Join our free after-class workshops to improve in specific skill areas such as grammar and vocabulary.

Independent Learning

Use our dedicated resources to undertake additional English study.

Study on Griffith University's campuses

Take advantage of facilities and services that will help you study, meet people, pursue your interests, and practise English.

Direct Entry Program

Join our highly popular Direct Entry Program to gain the English skills necessary to enter a Griffith University degree or Griffith College program.

There are seven levels in the Direct Entry Program, and you will be placed in the appropriate class based on the results from your proficiency test or the Griffith English Test. You will build your English language skills in reading, writing, listening and speaking, and at the higher levels you will practise academic skills that will help you to be successful in your studies at diploma, bachelor, master or PhD level.

When you successfully complete the Direct Entry Program at the equivalent of the IELTS level needed for your degree or diploma, you can enter your program directly without needing to submit a proficiency test result.*

* A small number of degrees require a formal proficiency test for entry. Check the English language entry requirements for your degree at griffith.edu.au/international-study

Direct Entry Program CRICOS 013051D

Fees

Your tuition fees for the Direct Entry Program will vary depending on the number of weeks in which you are enrolled.

2023 fees

Up to 25 weeks: **\$455 per week**

26+ weeks: **\$425 per week**

Enrolment fee: **\$225**

GELI classes

Class sizes at GELI are small so you will receive personal attention from your teachers and progress quickly through your studies.

There are 20 hours of classes per week, two x 2-hour sessions each day, Monday to Friday. There are an additional five hours of independent learning each week, using GELI's independent learning plans.

Activities program

Participate in free and low-cost activities to practise English, make friends and engage with the local community.

2023 key dates

Orientation	Classes Start
15 December 2022	3 January
2 February	6 February
9 March	13 March
13 April	17 April
18 May	22 May
22 June	26 June
27 July	31 July
31 August	4 September
5 October	9 October
9 November	13 November

Griffith English Test

Take our free online English test to find your English class placement level for Griffith English Language Institute.†

griffith.edu.au/english-test

† If you already have an English proficiency test result (e.g. IELTS), you do not need to take the Griffith English Test.

Sample timetable, DEP level 5

Time	Monday	Tuesday	Wednesday	Thursday	Friday
1 hour	Grammar & Vocabulary	Reading & Critical Thinking	Grammar & Vocabulary	Listening & Speaking	Grammar & Vocabulary Review
1 hour	Reading & Critical Thinking	Reading & Critical Thinking	Reading & Critical Thinking	Listening & Speaking	Writing

	40	4.5 (no sub-score <4.0, W 4.5)	30 (no Comm Skill <29, W 30)	33 (W 13, S 12, L,R 4)	1+ (all sub-scores)
	45	4.5 (no sub-score <4.0)	30 (no Comm Skill <29)	33 (W,S 12, L,R 4)	W1+ (2 scores 1+, 1 score 1)
	over 45	4.0 or lower	29 or lower	32 or lower	1 or lower

Key: W = Writing, L = Listening, R = Reading, S = Speaking, < = less than, Comm Skill = Communicative Skill.

* Check the English language entry requirements for your degree at griffith.edu.au/international-study

Please note: it normally takes 10–15 weeks to progress from one level to the next. This table indicates expected course length for students requiring IELTS 6.5.

Study Abroad and Exchange programs

20
—

Our Study Abroad and Exchange programs allow you to complete one or two trimesters of study in Australia and earn credit towards your home degree.

Wide range of courses

Griffith has 10 study areas and hundreds of courses for you to choose from. Our study areas include; business and government; criminology and law; education; engineering, IT and aviation; humanities, languages and social sciences; health; music and performing arts; science and environment; visual and creative arts. To find a course visit our degree finder on our website and search by 'courses'.

griffith.edu.au/study/courses

English + University

Our English + University program is the best way to meet Griffith's English language entry requirements before you begin your Study Abroad trimester (or year). English + University students complete Griffith English Language Institute's award-winning Direct Entry Program then begin their Griffith University Study Abroad program as a confident English speaker, listener, reader and writer. Additional fees apply.

griffith.edu.au/geli

Community Internship

The Community Internship is a 10-credit point course, available to students from all degrees. Through this course you will be able to make a difference in a local community organisation while developing a range of professional and personal skills. You will spend a minimum of 50 hours in a not-for-profit organisation placement and combine this with academic learning. With hundreds of internship opportunities, we can tailor the internship to match your study area or interests.

griffith.edu.au/learning-futures/service-learning

How many courses can I study?

At Griffith, a typical full-time study load is 30 to 40 credit points (CP). One course (subject) is usually worth 10CP. You can choose from the following options per trimester:

- 30CP – 3 courses
- 40CP – 4 courses
- 50CP – 5 courses

10CP = 3 to 4 credits in the US system

10CP = 7.5 ECTS in the European system

Note: the above information should be used as a guide only.

'Studying abroad in Australia was one of the best decisions I have made. Griffith is a very welcoming community and creates many opportunities for students to do a wide array of activities from ice-skating to surfing on the beautiful Gold Coast with very low costs. There are always new events happening on and off campus that I look forward to trying out.'

Riley (Canada)

Business student

View our digital Study Abroad and Exchange guide at:

griffith.therack.live/study-abroad

How to apply

You can complete your Study Abroad or Exchange program application in **four** simple steps.

01

Study Abroad applicants

Check you meet academic entry requirements.

You must have an above average overall Grade Point Average (equivalent to 4.5 on Griffith's 7.0 scale).

Students straight from high school may be eligible for this program.

Exchange applicants

Request nomination from your home university.

If you are from an exchange partner university, you must be nominated by your home university and meet their exchange program requirements to be eligible for the program.

02

Check you meet English language entry requirements.

If you are from a non-English speaking background, you must provide proof of English language proficiency, equivalent to IELTS overall 6.0 (6.5 for postgraduate students).

03

Prepare supporting documentation.

Including certified copies of your most recent official academic transcript, proof of English language proficiency and a copy of your passport.

04

Apply online.

Apply online or via a registered recruitment representative.

Griffith College

22

Get uni-ready with Griffith College

Griffith College offers an alternative to studying your first year at Griffith University. Complete a two or three-trimester diploma, and then jump with confidence into the second year of a selection of bachelor degrees at Griffith University*. Griffith College is right on campus at Griffith University's Mt Gravatt and Gold Coast campuses, so you are a part of the action of the University from day one.

Your College pathway to Griffith University

† Some bachelor degree programs are more than three years duration.

^ One year of credit may not be wholly applicable to the first year of the relevant bachelor degree. Refer to program specific information pages online.

On successful completion of a Griffith College diploma, you will gain entry to the second year of the equivalent degree program at Griffith University**. Select which diploma and bachelor program you wish to study and receive one packaged offer for both programs.

We understand that the transition to university studies can be difficult, so we have a range of mentoring, learning and support services available to assist you to develop the skills necessary to successfully complete your program of study and thrive at university.

Griffith College has been the number one choice for more than 20,000 graduates. With lower entry requirements and a supportive learning environment, Griffith College is your pathway to successful further study.

Study areas

We offer 11 diploma programs that provide direct entry into over 50 different bachelor and double bachelor degrees at Griffith University.

- Business/Commerce
- Criminology and Criminal Justice
- Design
- Educational Studies

- Engineering
- Health Care/Nursing
- Health Sciences
- International Tourism & Hotel Management
- Information Technology
- Science
- Social and Psychological Science

Other pathways to Griffith University

Foundation Program

Griffith College also offers a foundation program which is a bridging course for students who need to study the equivalent of Australian Year 12. You'll be trained in the knowledge and skills needed for successful university study and be able to acquire prerequisites for specific Griffith University degrees.

Masters Qualifying Program

The Griffith University Masters Qualifying Program (MQP) provides you with an opportunity to upgrade your prior study to meet the academic requirements for direct admission to a Griffith University masters program.

* On successful completion of a Griffith College diploma program and meeting Griffith GPA (grade-point average) entry requirements.

** Credit into Griffith University will depend on the degree and major chosen. Please see griffithcollege.edu.au for full progression outlines.

Arts in Visual Arts, Design, Business, Finance, Global Development, Human Resource Management and Employment Relations, Human Resource Management and Employment Relations/International Business, International Business, International Business/International Relations, International Relations, International Tourism and Hospitality Management, Marketing, Marketing/International Business, Marketing/International Tourism and Hospitality Management, Professional Accounting, Civil Engineering, Civil Engineering/Project Management,

Electronic and Computer Engineering, Electronic and Computer Engineering/Electronic and Sport Engineering, Electronic and Energy Engineering, Electronic and Sport Engineering, Engineering Project Management, Environment, Environmental Engineering, Environmental Engineering and Pollution Control, Information Systems and Information Technology Management, Information Technology, Professional Engineering, Public Health, Global Public Health, Health Services Management, Advanced Health Services Management.

Research at Griffith

24

As one of Australia's leading research universities, we're inspired and motivated by the pursuit of a better world in everything we do. When you choose Griffith, you're choosing a university working to answer society's greatest questions through pioneering research that makes a real difference.

Research infrastructure

Griffith offers world-class facilities and resources for research candidates, and we continue to invest in campus developments to create the best possible environment and experience for our research community.

Support to succeed

We'll support you through your entire research journey—from orientation to planning your research degree, research methodology, training workshops, writing and publishing, and presenting your research.

Collaboration and connection

We host more than 30 research centres and institutes across our campuses, and—with more than 1,700 experts conducting research—we provide multidisciplinary and practical research supervision.

Above world standard

Latest analysis of Excellence in Research for Australia found 99% of our research outputs were in disciplines rated at world standard or above.

Research with impact

At Griffith University, we're driven by the pursuit of a brighter future.

Malaria vaccine

The Institute for Glycomics is developing and manufacturing a world-leading malaria vaccine—PlasProtecTTM—which is now at human-trial stage.

Discovering the world's oldest rock art

Our researchers have discovered what may be the world's oldest known cave painting—earning the team a place in Science magazine's top-10 scientific breakthroughs of 2020.

Leading aerospace innovation and discovery

Using our unique manufacturing and 3D printing capabilities, our experts are working with key industry partners to research, design and prototype a new class of low Earth orbit satellite due to launch from Queensland, Australia in 2023.

Tackling water quality threats to the Great Barrier Reef

Our researchers are testing the role wetlands play in improving the water quality of the Great Barrier Reef, to directly influence Australian Government policy.

Advanced Design and Prototyping Technology Institute (ADaPT)

In collaboration with industry, Griffith researchers are pushing the boundaries in advanced design, prototyping and new materials to engineer next-generation biomedical and industrial applications.

Climate action

Griffith is taking a step beyond research into practice, to work with communities on addressing the motivations of climate action, how to transition to a zero-carbon resilience future, and how to ensure climate justice.

Reimagining disability

Through a university-led alliance, Griffith is collaborating with key industry and healthcare organisations that will look to solve the most pressing real-world challenges for people living with disabling neurological conditions.

Research study options

Doctor of Philosophy (PhD)

The PhD is Griffith's premier research training degree. It is awarded for a thesis, drafted under supervision, which makes an original, significant, and extensive contribution to knowledge and understanding in your field of study. A PhD is available across all schools and disciplines.

Griffith also offers:

- Doctor of Philosophy (by prior publication)
- professional Doctorates (psychology, education, musical arts and visual arts).

Master of Philosophy

The Master of Philosophy (MPhil) is awarded for a thesis, drafted under supervision, which presents original research and demonstrates both knowledge of a research topic and discipline. It is shorter than a PhD and is available across all schools and disciplines.

Griffith also offers specialist Masters by Research (combine coursework with professional and/or artistic practice).

Find a supervisor

Griffith researchers provide multidisciplinary and practical solutions for industry, government and community. With them, you can explore research answering the critical questions of the future and translating research outcomes into real-world solutions.

Once you have determined your research area, you need to find and connect with a supervisor to discuss your research proposal.

Griffith's academic groups also have higher degree research convenors, who will be able to help connect you with an academic staff member in your area of interest.

Visit griffith.edu.au/research-study/find-a-supervisor

How to apply

At Griffith University, we understand that everyone's experience is different. If you are ready to take your research studies or career to the next level, whatever your circumstances, we can help you achieve your goals.

01

Choose your preferred research degree and check entry requirements.

If you don't meet the direct entry requirements for a research degree, you may consider a Graduate Diploma of Research Studies, which provides an alternative pathway into such programs.

02

Consider the cost of study and search for funding options.

This could include scholarships or sponsorships.

03

Choose a research topic and develop a research proposal.

Narrow your focus to a single research topic. Depending on your area of study and research, you may identify a research topic or project from within an established research team.

04

Find a supervisor.

You must have identified a suitable supervisor before you can apply. Once you have connected with your prospective supervisor, it is important that you seek their input and advice on your research proposal.

05

Apply.

When you're ready, apply online or via a registered recruitment representative.

Find out more at:

griffith.edu.au/research-study

Intake dates

Griffith offers you multiple intake dates to commence your PhD or Master of Philosophy.

2022

Intake 3: 11 July 2022

Intake 4: 10 October 2022

2023

Intake 1: 27 February 2023

Intake 2: 17 April 2023

Intake 3: 10 July 2023

Intake 4: 9 October 2023

Index

Below is a comprehensive list of all degrees offered at Griffith University in 2023.

Degree name	Page
Associate Degree in Commerce and Business	23
Bachelor of Acting	59
Bachelor of Advanced Business (Honours)	31
Bachelor of Advanced Computer Science (Honours)	43
Bachelor of Advanced Government and International Relations (Honours)	32
Bachelor of Advanced International Tourism and Hotel Management (Honours)	32
Bachelor of Animation	64
Bachelor of Architectural Design	29
Bachelor of Arts	48
Bachelor of Aviation	43
Bachelor of Aviation Management	43
Bachelor of Biomedical Science	51, 61
Bachelor of Business	31
Bachelor of Child, Youth and Family Practice	52
Bachelor of Clinical Exercise Physiology	51
Bachelor of Communication and Journalism	48
Bachelor of Computer Science	43
Bachelor of Construction Management (Honours)	29
Bachelor of Counselling	53
Bachelor of Criminology and Criminal Justice	37
Bachelor of Dental Health Science	51
Bachelor of Dental Hygiene	51
Bachelor of Dental Prosthetics	51
Bachelor of Dental Technology	51
Bachelor of Dental Technology/ Dental Prosthetics	51
Bachelor of Design	64
Bachelor of Education	40
Bachelor of Engineering (Honours)	43
Bachelor of Environmental Science	61
Bachelor of Exercise Science	51
Bachelor of Film and Screen Media Production	64
Bachelor of Forensic Science	61
Bachelor of Games Design	64
Bachelor of Government and International Relations	32
Bachelor of Health Science (Honours)	52
Bachelor of Health Science	52
Bachelor of Human Services	52
Bachelor of Industrial Design	43
Bachelor of Information Technology	44
Bachelor of Intelligent Digital Technologies	44
Bachelor of International Tourism and Hotel Management	32
Bachelor of Languages and Linguistics	48
Bachelor of Laws (Honours) (Graduate Entry)	37
Bachelor of Laws (Honours)	37
Bachelor of Marine Science	61
Bachelor of Medical Laboratory Science (Honours)	52
Bachelor of Medical Laboratory Science	52
Bachelor of Medical Science	52, 61
Bachelor of Midwifery	52
Bachelor of Music	59
Bachelor of Musical Theatre	59
Bachelor of Nursing	52
Bachelor of Nutrition and Dietetics (Honours)	53
Bachelor of Nutrition and Dietetics	53
Bachelor of Occupational Therapy (Honours)	53
Bachelor of Paramedicine	53
Bachelor of Pharmacology and Toxicology	53
Bachelor of Pharmacy (Honours)	53
Bachelor of Pharmacy	53
Bachelor of Physiotherapy (Honours)	53
Bachelor of Physiotherapy	53
Bachelor of Psychological Science	53
Bachelor of Psychology (Honours)	54
Bachelor of Public Health	54
Bachelor of Science	61
Bachelor of Science Advanced (Honours)	61
Bachelor of Social Science	48
Bachelor of Social Work (Honours)	54
Bachelor of Social Work	54
Bachelor of Software Engineering (Honours)	43
Bachelor of Sport Development	52
Bachelor of Urban Planning (Honours)	29
Bachelor of Visual Arts	64
Diploma of Business	23
Diploma of Criminology and Criminal Justice	23
Diploma of Design	23
Diploma of Educational Studies	23
Diploma of Engineering	23
Diploma of Health Care	23
Diploma of Health Sciences	23
Diploma of Information Technology	23
Diploma of International Tourism & Hotel Management	23
Diploma of Languages	48
Diploma of Science	23
Diploma of Social and Psychological Science	23
Doctor of Clinical Dentistry	54
Doctor of Education	41
Doctor of Medicine	55
Doctor of Musical Arts	59
Doctor of Philosophy	29, 35, 38, 41, 46, 49, 57, 59, 62, 65
Doctor of Visual Arts	65
Foundation Program	23
Graduate Certificate in Acute Care Nursing	55
Graduate Certificate in Applied Behaviour Analysis	57
Graduate Certificate in Autism Studies	40
Graduate Certificate in Aviation Management	44
Graduate Certificate in Business	33
Graduate Certificate in Business Administration	33
Graduate Certificate in Business Cyber Security	46
Graduate Certificate in Case Management	54
Graduate Certificate in Climate Change Adaptation	62
Graduate Certificate in Clinical Leadership	54
Graduate Certificate in Creative and Professional Writing	49
Graduate Certificate in Criminology and Criminal Justice	37
Graduate Certificate in Critical Care Nursing	56
Graduate Certificate in Cyber Crime	46
Graduate Certificate in Cyber Security	46
Graduate Certificate in Data Science	46
Graduate Certificate in Design	65
Graduate Certificate in Digital Health	54
Graduate Certificate in Disability Studies	55
Graduate Certificate in Emergency Nursing	56
Graduate Certificate in Financial Planning	34
Graduate Certificate in Forensic Mental Health	38
Graduate Certificate in Health Services Management	54
Graduate Certificate in Human Resource Management	35
Graduate Certificate in Human Services	55
Graduate Certificate in Infection Prevention and Control	55
Graduate Certificate in Integrated Water Management	62
Graduate Certificate in International Relations	35
Graduate Certificate in International Tourism and Hospitality Management	34
Graduate Certificate in Marketing	35
Graduate Certificate in Music Studies	59
Graduate Certificate in Paediatric Nursing	56
Graduate Certificate in Policy Analysis	33
Graduate Certificate in Primary Maternity Care	55
Graduate Certificate in Professional Accounting	33
Graduate Certificate in Professional Learning	40
Graduate Certificate in Professional Nursing	56
Graduate Certificate in Public Health	56
Graduate Certificate in Renewable Energy Engineering	45
Graduate Certificate in Research Studies in Business	35
Graduate Certificate in Safety Leadership	49
Graduate Certificate in Special Needs Education	40
Graduate Certificate in Strategic Communication and Media	49
Graduate Certificate in Suicidology	55
Graduate Certificate in Teaching of English to Speakers of Other Languages	41, 49
Graduate Certificate in Urban and Environmental Planning	29
Graduate Certificate in Visual Arts	65
Graduate Diploma in Australian Migration Law and Practice	37
Graduate Diploma of Clinical Physiology	56
Graduate Diploma of Criminological Research Studies	38
Graduate Diploma of Finance	34
Graduate Diploma of Financial Planning	34
Graduate Diploma of Flight Management	44
Graduate Diploma of Health Research	57
Graduate Diploma of Integrated Water Management	62
Graduate Diploma of Law Research Studies	38
Graduate Diploma of Research Studies in Business	35
Graduate Diploma of Research Studies in Engineering	46
Graduate Diploma of Research Studies in Information Technology	46
Graduate Diploma of Research Studies in Science	62
Juris Doctor	37, 38
Master of Advanced Health Services Management	55

Master of Advanced Nursing Practice	56	Master of Information Systems and Information Technology Management	46
Master of Applied Behaviour Analysis	57	Master of Information Technology	46

Master of Infection Prevention and Control	55		

Griffith is a leader in online education

Griffith University understands that everyone has different learning styles and life commitments. Our online degrees are delivered 100% online, giving you control over where and when you study. Our academic and student support team is committed to helping you succeed and reach your goals.

Griffith has been delivering online programs for nearly 20 years.

griffith.edu.au/online

Explore study options at:

griffith.edu.au/degrees

Architecture, construction and planning

Industry connections

You'll have the opportunity to work with industry professionals while you study thanks to work-integrated learning projects.

Unique experiences

We offer student opportunities to help you stand out from the crowd, including small groups, practice-led design studios and international field study electives.

Five-star support

Both architecture and built environment at Griffith were given a five-star rating for student support and learner engagement by the Good Universities Guide 2021.

Undergraduate degrees

	Start	Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Codes	
										Program	CRICOS
Architecture											
Bachelor of Architectural Design	Mar, Jul		3F	G	N/A	240	6.5	S	✓	1492	083726G
What you will study	You'll combine classroom studies, studio work, fieldwork and practical experience to learn about urban systems, public places, building design, and all aspects of the built environment. As you study, you'll develop your design and creative problem-solving skills, and learn how to meet aesthetic, functional and user needs with your designs. This degree draws inspiration from our unique Gold Coast city environment and the challenges of building resilience for the future in an urban coastal context. In particular, our focus on sustainable design in tropical and subtropical climates will prepare you for work in Australia and the Asia-Pacific. In your third year, you'll get practical experience by completing a supervised industry-based design project.			Professional recognition This degree is recognised by the Australian Institute of Architects, the Architects Accreditation Council of Queensland and the Board of Architects of Queensland as an approved pathway program for the professionally accredited Master of Architecture.			Career opportunities With your design, technical knowledge and creative skills, you'll be qualified to assist architects and other built environmental professionals in the design, documentation and procurement of buildings. You may find employment in a broad spectrum of creative roles in government agencies, statutory bodies, design practices and studios (urban design, architecture, interior design, virtual environments, graphic design and the film and games industries), commercial development companies, building product manufacturing and distribution companies, and research organisations.				
Construction management											
Bachelor of Construction Management (Honours)	Mar, Jul		4F	G	✓	320	6.5	S	N/A	1598	097097F
Urban and environmental planning											
Bachelor of Urban Planning (Honours)	Mar, Jul		4F	G, N	✓	320	6.5	S	N/A	1658	107880G
What you will study	In this degree, you'll learn how to manage the social and spatial conditions of urban life, helping to create a more sustainable future. You'll be prepared to tackle issues such as climate change, regional growth management and transport planning, and gain an in-depth knowledge of environmental management, sustainable development, spatial analysis and urban modelling. You'll be able to apply the principles you have learned in the project-based studio courses. You'll be taught by academics who have a strong footing in the industry, and have the opportunity to network and connect with professionals throughout your degree. You'll also get the chance to undertake an extended industry placement, allowing you to put your skills into practice before you graduate.			Professional recognition As a student and a graduate, you'll be eligible for membership with the Planning Institute of Australia.			Career opportunities You'll be prepared to follow a range of career paths, including urban planner, land development designer, environmental planner or traffic and transport planner, among others. You may find employment opportunities with all levels of government, as well as business and industry groups, community organisations and private consulting firms. You may find work in development companies implementing proposals for new housing estates, tourism complexes, transport networks, shopping centres and other commercial projects.				
				Further studies As an honours graduate, you'll enhance your chances of employment and you'll also be prepared to pursue a career in research or academia.							
				Double degree option(s) Combine Urban Planning with: Science.							

Postgraduate degrees

	Start	Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Codes	
										Program	CRICOS
Architecture											
Master of Architecture	Mar, Jul		2F	G	N/A	160	6.5	R	N/A	5558	077645D
What you will study	You will receive a rounded professional architectural education with strength in design research. You can choose to focus on sustainable design, urban design, history/theory or design practice. The research-based approach to architectural design in this degree will help you develop the capacity to pose original questions and to investigate, analyse and appraise current information and understandings. Research-led design will underpin career-long, self-directed learning of a critical-reflective nature.			Entry requirements Recognised bachelor degree in Architectural Design (5.0 GPA) OR Griffith Bachelor of Architectural Design (4.5 GPA).			Recognition/accreditation The Master of Architecture is recognised by the Architects Accreditation Council of Australia, the Board of Architects of Queensland, the Australian Institute of Architects and the Commonwealth Association of Architects.				
				Career opportunities You may find employment in various architecture related organisations including private practice, consulting firms and in local and state government. You may choose to become a 'general practitioner' or you will have the option to specialise in a building type, in an aspect of building design or construction procurement or, with further experience and study, you can specialise in urban design or research.			<i>Through research-led design this program will give you the skills for career-long, self-directed learning.</i>				
Urban and environmental planning											
Graduate Certificate in Urban and Environmental Planning	Mar, Jul		1P*	N	N/A	40	6.5	A	N/A	3216	061457F
Entry requirements:	Any bachelor degree or higher OR relevant work experience.										
	* 1 year part-time only.

What you will study

Griffith's Bachelor of Business is an alternative to more traditional business degrees, combining new skills, values, and opportunities relevant for the new economy. It's a whole new way of thinking for a whole new generation of business professionals. In your first two trimesters, you'll complete six discovery subjects that are based in the core skills critical to successful business operations (including analytics, accounting, economics, management, organisational psychology, marketing, international business) and apply them to practical challenges using the principles of sustainability, inclusiveness and equity—values that shape public debate today. You'll also be part of an innovative new approach to learning, designed to give you a 360-degree view of business strategy. In your second two trimesters, you can choose to major (a focus of study within your degree) in the field of your choice. The Bachelor of Business offers you a wide choice, with more than 20 majors. You can combine majors from different disciplines; for example, you can graduate with a Bachelor of Business in Accounting and Management or a Bachelor of Business in International Business and Economics. All of the majors can be completed online, so you can base your study wherever it suits you best if you choose to undertake the program online.

Majors

Accounting, Asian Business, Asian Engagement, Behavioural Science, Business Analytics, Economics, Employment Relations, Event Management, Finance, Financial Planning, Government and International Relations, Human Resource Management, Innovation and Entrepreneurship, International Business, Logistics and Supply Chain Management, Management, Marketing, Real Estate and Property Development, Sport Management, Sustainable Business, Taxation, Tourism Management.

Languages[^]

Add one of the below languages to your degree as a second major or minor.

- Chinese
- French*
- German*
- Indonesian*
- Italian
- Japanese
- Korean*
- Modern Greek[^]
- Spanish

* Available at Nathan campus only via cross-institutional study at The University of Queensland.

[^] Available online via cross-institutional study with Flinders University, South Australia.

Career opportunities

This holistic business degree gives you the foundation to take your career just about anywhere. Through your extensive practical experience opportunities, you'll graduate with strong business networks and the authentic knowledge to apply your skills to a broad range of business environments. You'll be prepared to work in a variety of roles relevant to your chosen specialisation(s) in not-for-profit, government and corporate organisations, as well as in start-ups and entrepreneurial enterprises.

Student Investment Fund

For accounting, economics, finance and financial planning students, Queensland's largest student-managed investment fund is the real deal—a bona fide opportunity to invest on the stock market. Every decision has implications, every investment carries the weight of responsibility, and every part of this experience is priceless for graduates entering the work market. In Griffith's Bloomberg trading rooms, the students analyse and evaluate the same live data used by finance professionals around the world. In the boardroom, they pitch their trading proposals to an experienced investment committee, and all earnings go toward scholarships for future business students.

Double degree option(s)*

Combine Business with: Arts; Communication and Journalism; Data Science; Design; Engineering; Environmental Science; Exercise Science; Government and International Relations; Information Technology; International Tourism and Hotel Management; Laws; Psychological Science; Science; Sport Development; Visual Arts.

* Double degree options are not available for the Bachelor of Advanced Business (Honours)

Accreditation and membership possibilities

Depending on your major, you may be eligible to join the following professional bodies:

- Australian Marketing Institute
- Australian Human Resources Institute
- Australian Market and Social Research Society
- Australian Society of Sport Administrators
- Association of Chartered Certified Accountants (ACCA)
- Financial Planning Association of Australia (FPA)
- Institute of Public Accountants (IPA)
- The Tax Institute
- Economic Society of Australia (Queensland)
- Chartered Financial Analyst Institute (CFA)
- The Chartered Institute of Procurement and Supply
- Pacific Asia Travel Association
- Sports Management Association of Australia and New Zealand
- Institute of Public Administration Australia (IPAA)

Pathway option(s)

- Diploma of Business
 - Diploma of International Tourism and Hotel Management
- For more information go to griffith.edu.au/college.

Honours available

The Bachelor of Advanced Business (Honours) offers the opportunity to further distinguish yourself. You can enrol in the Honours program from the start or transfer into it from the Bachelor of Business if you meet the criteria.

Griffith Business School is an accredited member of the Association to Advance Collegiate Schools of Business (AACSB) – International.

AACSB Accreditation is known worldwide as the longest standing, most recognised form of professional accreditation an institution and its business programs can earn.

'BusinessPLUS provided me with engaging and relevant workshops that helped me in developing my professional portfolio, my online presence and my resume, which boosted my employability. I became actively engaged in extracurricular activities that really established my learning and capabilities. I also found an amazing and creative mentor who has helped guide my future career, all of which would not have happened without BusinessPLUS.'

Government and international relations

	Start Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Program	CRICOS
Bachelor of Government and International Relations	Mar, Jul	3F	G, N, O	✓	240	6.5	S	✓	1399	077995D

Double degree option(s)

Combine Government and International Relations with: Arts, Business, Communication and Journalism, Criminology and Criminal Justice, and Law.

Bachelor of Advanced Government and International Relations (Honours)	Mar, Jul	4F	G, N, O	✓	320	6.5	S	N/A	1654	106113K
--	----------	----	---------	---	-----	-----	---	-----	------	---------

What you will study

Griffith is a leader in this field, ranking in the world's top 150 for political and international studies for the past five years and boasting a world-class staff of political experts. This degree will provide you with a deep understanding of policy, politics and power in the modern world and the forces that shape these dynamics at the global and domestic levels. You'll learn about political institutions and processes, business-government relations, and foreign policy and globalisation. In your first year, you'll develop your understanding of politics and international relations. In your second and third years, you'll expand this knowledge by completing a major. You'll also have the option to complete a parliamentary internship or a work placement in your final year.

Majors

Students in this degree can choose to specialise in one of two primary majors.

- International Relations
- Politics and Public Policy

Second majors

You can complement your studies with a second major in:

- Asian Engagement
- Economics
- International Business
- Islam-West Relations
- Chinese
- French*
- German*
- Indonesian*
- Japanese
- Italian
- Korean*
- Spanish

* Available at Nathan campus only via cross-institutional study at The University of Queensland.

^ Available online via cross-institutional study with Flinders University, South Australia.

Professional recognition

On completing your studies, you may be eligible for membership of the Institute of Public Administration Australia and the Australian Institute of International Affairs.

Career opportunities

Depending on your major, you may find opportunities providing advice to government and business leaders, developing policy and managing programs in areas such as economic, environmental and social policy, diplomacy and trade relations. You may also find a job in foreign ministries, defence departments, intelligence and aid organisations, or work in political risk assessment and humanitarian logistics. You'll be prepared to pursue work in government, international organisations, media, political parties, a range of business environments and the not-for-profit sector.

Honours available

The Bachelor of Advanced Government and International Relations (Honours) and the Bachelor of Advanced Business (Honours) offer the opportunity to distinguish yourself. You can enrol in the Honours program from the start or transfer into it if you meet the criteria.

Tourism and hotel management

Bachelor of International Tourism and Hotel Management	Mar, Jul, Nov	3F	G, N, O	✓	240	6.5	S	✓	1408	080403G
---	---------------	----	---------	---	-----	-----	---	---	------	---------

Bachelor of Advanced International Tourism and Hotel Management (Honours)	Mar, Jul, Nov	4F	G, N, O	✓	320	6.5	S	N/A	1655	106114J
--	---------------	----	---------	---	-----	-----	---	-----	------	---------

What you will study

Griffith is a leader in this field, ranking #1 in Australia for Hospitality and Tourism Management in the 2021 ShanghaiRanking Global Ranking of Academic Subjects. In this degree, you will gain an in-depth understanding of the tourism sector, underscored by sustainability principles. You will develop core business skills in areas such as financial management, leadership, management, marketing and strategic management, and enhance these with an understanding of how to manage employment relations in a culturally diverse context.

Majors

Students in this degree can choose to specialise in one of two primary majors.

- Tourism Management
- Hospitality Management

Second majors

You can complement your studies with a second major in:

- Asian Engagement
- Behavioural Science
- Business Analytics
- Economics
- Employment Relations
- Event Management
- Government and International Relations
- Human Resource Management
- Innovation and Entrepreneurship
- Logistics and Supply Chain Management
- Management
- Marketing
- Real Estate and Property Development
- Sport Management

Career opportunities

You'll be prepared for work in a range of international tourism and hotel management roles, including in hotel and resort groups and the accommodation sector, in independent restaurants and internationally recognised chains, with entertainment and leisure providers such as theme parks, with suppliers of goods and services to the hospitality industry, in airlines, and with local, state and federal tourism and regional planning authorities.

Practical experience

Thanks to Griffith's close working relationship with the major hotel chains and tourism operators in South East Queensland, you will have the chance to gain knowledge from guest speakers and experience via a wide range of innovative work-integrated learning activities. You will learn industry-standard systems and graduate with the skills and knowledge employers want, and be fully aware of the culture, service and competitive aspects of international tourism and hotel corporations.

Double degree option(s)

Combine International Tourism and Hotel Management with: Business.

Pathway option(s)

- Diploma of Business
- Diploma of International Tourism and Hotel Management

For more information go to griffith.edu.au/college.

Honours available

The Bachelor of Advanced International Tourism and Hotel Management (Honours) and the Bachelor of Advanced Business (Honours) offer the opportunity to distinguish yourself. You can enrol in the Honours program from the start or transfer into it from the Bachelor of International Tourism and Hotel Management if you meet the criteria.

Our close working relationship with major hotel chains means you will have the opportunity to learn from industry guest lecturers and gain practical experience.

Accounting

Graduate Certificate in Professional Accounting	Mar, Jul	0.5F	N, O	N/A	40	6.5	A	N/A	3396	107421A
--	----------	------	------	-----	----	-----	---	-----	------	---------

Entry requirements: Any bachelor degree or higher.

Master of Professional Accounting	Mar, Jul, Nov	2F	N, O	N/A	160	6.5	A	✓	5683	088233M
--	---------------	----	------	-----	-----	-----	---	---	------	---------

What you will study

If you are from a non-accounting background, the Master of Professional Accounting conversion program will give you the training in accounting and related areas needed to meet the academic requirements for Associate membership with CPA Australia and admission into CPA Australia's CPA Program, and the CA Program of Chartered Accountants Australia and New Zealand.

This program will enable you to develop the technical and conceptual skills needed to become an accountant, and will develop your ability to analyse, critique and synthesise various accounting and related principles, methods and techniques. This program will also provide academic support to help you prepare for CPA Australia's CPA Program and ACCA's professional level examinations.

Entry requirements

Any bachelor degree (4.0 GPA) or higher.

Career opportunities

You will be qualified for work in government administration, business planning, cost and management accounting, auditing, information systems, taxation, finance and banking, stockbroking, treasury, foreign exchange, superannuation, consulting, insurance, and manufacturing.

Recognition/accreditation

Accreditation will depend on the courses you complete.

The Master of Professional Accounting is accredited by Chartered Accountants Australia and New Zealand (CA ANZ) and CPA Australia.

Pathway option

• Masters Qualifying Program
For more information go to griffith.edu.au/college.

Business

Graduate Certificate in Business	Mar, Jul, Nov*	0.5F	G, N, O	N/A	40	6.5	A	N/A	3306	082402C
---	----------------	------	---------	-----	----	-----	---	-----	------	---------

Entry requirements: Any bachelor degree or higher OR relevant work experience.

* Trimester 3 (November entry) at Nathan and Online campus only.

Master of Business	Mar, Jul, Nov*	2F	G, N, O	N/A	160	6.5	A	✓	5632	096285K
---------------------------	----------------	----	---------	-----	-----	-----	---	---	------	---------

* Trimester 3 (November entry) at Nathan and Online campus only.

What you will study

The Master of Business is a program designed for professionals aspiring to make the move to management roles, for example current managers seeking formal qualifications or for those looking to change careers. This degree is designed to help you master essential business concepts and provide you with the frameworks and creative problem solving skills to enable you to operate effectively in the dynamic, global business economy.

This program will help you to further develop your business and management skills, build specialist knowledge within your chosen area, and accelerate your career.

Majors

Accounting (N, O) Business Analytics (N, O) Business Law (N, O) Digital Business (N, O) Economics (N, O) Employment Relations (N, G, O) Event Management (G) Human Resource Management (N, G, O) Information Systems (N, O) Innovation and Entrepreneurship (G, O) International Business (N, O) International Tourism and Hospitality Management (G, O) Management (N, O) Marketing (N, G, O) Public Policy (O) Sport Management (G, O) Supply Chain Management (N, O).

Entry requirements

Any Bachelor degree (4.0 GPA) or higher.

Career outcomes

A business degree gives you the foundation to advance your career in a range of industries and professions. You will be prepared to use your extensive business skills in increasingly diverse settings including not-for-profit, government and corporate organisations. Students who complete the dissertation pathway may be eligible for further Higher Degree Research study such as the Master of Philosophy or PhD program.

Criminology and law

Study with the best

When you study law or criminology with us, you'll learn from award-winning teachers who have been recognised nationally and internationally for their research impact and outstanding contributions to their respective fields.

Global perspective

At Griffith, we are committed to social justice and believe in law and criminology as powerful instruments of change. You'll be equipped with knowledge of the world and will graduate with valuable experience and a global perspective, well positioned to help create change locally and internationally.

Vital connections

Our graduates are making their mark in a variety of sectors across Australia and internationally. Network with a broad range of Queensland's legal and criminological experts at regular events and be supported by our community of Griffith graduates through mentorships, work experience and more.

Undergraduate degrees

Criminology and criminal justice

Program	Start Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Codes	
									Program	CRICOS
Bachelor of Criminology and Criminal Justice	Mar, Jul	3F	G, M, O	✓	240	6.5	S	✓	1112	061466E

What you will study

In this degree, you'll learn about the causes of crime and society's response through the justice system while drawing on knowledge and insights from many fields of study, including psychology, law, sociology, politics and social work. In your first year, you'll learn about the current trends in crime in Australia and overseas, and explore proven ways that crime can be examined, prevented and reduced. You'll participate in courses that include the police, courts and criminal law, and the role mental health plays in crime. In your second and third years, you'll choose from elective courses in policing, corrections, working with offenders and victims, counter-terrorism, or crime analysis and investigation. You can also choose non-criminology electives.

Career opportunities

You'll be prepared to pursue employment opportunities in policing and security, intelligence, probation and parole, child protection, crime analysis, courts and justice services, crime prevention and regulatory agencies. When you graduate, you'll be equipped for a career in areas such as law enforcement, working directly with offenders or victims in welfare and counselling roles, and in criminological research and policy roles.

Job-ready skills

Throughout your studies, you'll gain and develop industry-relevant skills and experience working on real projects. You will build on this part of your degree through a capstone course focusing on addressing a current local community crime problem.

In your final year, you'll have the opportunity to complete a professional placement experience through the Criminology Undergraduate Research Internship Program. You'll be mentored one-on-one by criminology experts and can select an internship to suit your interests from a diverse range of research projects.

Honours available

Honours is available for this degree (through an additional year of study).

Double degree option(s)

Combine Criminology and Criminal Justice with: Information Technology.

Pathway option(s)

- Diploma of Criminology and Criminal Justice

For more information go to griffith.edu.au/college.

Law

Program	Start Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Codes	
									Program	CRICOS
Bachelor of Laws (Honours)	Mar, Jul	4F	G, N	✓	320	7.0	H2	✓	1619	836236B

What you will study

When you study with the university that is ranked No. 1 for law in Australia[^], you are preparing to tackle the unique challenges of our modern, high-tech, globalised society. We'll give you the practical experience, support, opportunities, networks and theory to shape your ideal legal career and make your mark, whether that's in traditional law or beyond. We are committed to social justice and believe in law as a powerful instrument of change, so you'll not only understand the law, but have the knowledge and skills to challenge it. You'll develop in-depth knowledge of legal principles and practice, while also learning essential legal skills in areas such as negotiation, critical analysis of law, written and oral advocacy, and legal writing.

[^] 2021 ShanghaiRanking Global Ranking of Academic Subjects.

Career opportunities

This degree opens up a range of career opportunities within and beyond the legal environment. After gaining professional recognition, you'll be prepared for a career as a solicitor or barrister, a policymaker or law reformer working in government or the community sector, or even internationally in areas such as international trade or in human rights. You'll open up a world of possibilities in non-legal careers too, including careers in journalism, politics or management.

Recognition/accreditation

To be eligible for admission as a solicitor in Australia, a person must complete an approved Bachelor of Laws or Juris Doctor degree, undertaken approved practical legal training via a practical legal training course or supervised traineeship at a law firm, and be able to satisfy the Legal Practitioners Admissions Board and the Supreme Court of their fitness to practise law.

Canada: Griffith University's law degree is accepted for entry into the legal profession in Canada's common law provinces, when accompanied by a Certificate of Qualification from the National Committee on Accreditation (NCA) of the Federation of Law Societies of Canada. You must ensure you complete the five Canadian Law courses offered to help you prepare for the NCA exams while gaining credit towards your law degree.

Malaysia (Sabah and Sarawak): Students from Sabah or Sarawak who have a Griffith law degree and wish to return to Sabah or Sarawak to practise law may do so providing they gain admission to practice in an Australian jurisdiction first and then fulfil additional requirements upon their return to Sabah or Sarawak.

Fiji: All Australian law degrees are recognised in Fiji. Graduates must also complete their Practical Legal Training to be admitted to practice law in Fiji.

Papua New Guinea (PNG): All Australian law degrees are recognised in PNG. Graduates who are not citizens of PNG must complete their Practical Legal Training, have three years' post admission experience, and complete three exams on PNG law to be admitted to practice law in PNG.

Brunei: All Australian law degrees are recognised in Brunei. Graduates must also complete their Practical Legal Training to be admitted to practice law in Brunei.

India: Griffith's law degree is recognised for the purposes of admission to legal practice in India.

Please note that different jurisdictions' admission rules and requirements are subject to change. You should carefully examine the relevant legal requirements which are usually available on each jurisdiction's relevant law or bar association's websites.

Double degree option(s)

Combine Law with: Arts; Business; Criminology and Criminal Justice; Environmental Science; Government and International Relations; Psychological Science.

Pathway option(s)

- Diploma of Criminology and Criminal Justice

For more information go to griffith.edu.au/college.

									Program	CRICOS
Master of Criminology and Criminal Justice	Mar, Jul	1.5F	O	N/A	120	7.0	R	N/A	5606	

Entry requirements: Related bachelor degree or higher.

Postgraduate degrees

International law

	Start	Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Codes	
										Program	CRICOS
Master of International Law	Mar, Jul		1–1.5F	G, O	N/A	120	6.5	A	N/A	5729	098121C

What you will study

The Master of International Law will equip qualified professionals from a range of backgrounds to understand and apply international and globalised law principles in contexts such as: cross-border transactions and disputes; cross-border family law disputes; public international law developments; and cross-border negotiations. The program is designed to give students a competitive edge in the legal, academic, government, business, engineering and other professions where skills and knowledge in the field of international and global law are increasingly being required.

Entry requirements

Any bachelor degree or higher.

Career opportunities

Graduates will be able to offer a competitive advantage in a range of professional, legal and commercial employment markets through their high-level understanding of, and skills in, international, and comparative global law, principles and practice.

Master of International Law Studies	Mar, Jul		1F	G, O	N/A	160	6.5	A	N/A	5738	099995M
--	----------	--	----	------	-----	-----	-----	---	-----	------	---------

Entry requirements: Any bachelor degree or higher.

Law

Juris Doctor	Mar, Jul, Nov*		1F	G, N, O	N/A	240	7.0	O	N/A	5734	099124C
---------------------	----------------	--	----	---------	-----	-----	-----	---	-----	------	---------

* The Trimester 3 intake will only be available to those students undertaking the Canadian Law major at the Gold Coast campus and online.

What you will study

The Juris Doctor program is an alternative to the Bachelor of Laws for students who have completed an undergraduate degree.

Griffith Law School offers a professional legal curriculum that focuses on core areas of legal practice and the legal skills that lawyers must have. You will have the opportunity to choose law electives based on your interests, including clinical courses that emphasise practical legal skills, insights and experience. You will also have the option of completing a major in International Law or Canadian Law.

You will make connections between law and ethics, legal theory, Indigenous issues, and internationalisation. You will also develop interdisciplinary understandings of law and legal work.

You will take courses that cover areas such as Crime, Contracts, Property, Corporate Law, Torts and Theories of Law.

Entry requirements

Non-law degree (bachelor or masters degree, or higher, providing it is equivalent to a minimum of 1.5 years of full-time study) with 4.0 GPA minimum on a 7-point scale OR a law degree from a different legal system (i.e. it must be a Bachelor of Laws from a non-Australian tertiary institution).

Majors

Canadian Law (Accelerated); International Law; International Law (Accelerated).

Career opportunities

A Juris Doctor degree from Griffith is recognised as a qualifying degree for admission into the legal profession in many countries around the world.

Prepare for a career as a solicitor or barrister after gaining professional recognition. You may also find opportunities in business and government in areas such as academia, administration, banking, finance, industrial relations, management and marketing.

Recognition/accreditation

To be eligible for admission as a solicitor in Australia, a person must complete an approved Bachelor of Laws or Juris Doctor degree, undertaken approved practical legal training via a practical legal training course or supervised traineeship at a law firm, and be able to satisfy the Legal Practitioners Admissions Board and the Supreme Court of their fitness to practise law.

Canada: Griffith University's Juris Doctor is accepted for entry into the legal profession in Canada's common law provinces, when accompanied by a Certificate of Qualification from the National Committee on Accreditation (NCA) of the Federation of Law Societies of Canada.

You must ensure you complete the five Canadian Law courses offered to help you prepare for the NCA exams while gaining credit towards your law degree.

Malaysia (Sabah and Sarawak): Students from Sabah or Sarawak who have a Griffith Juris Doctor and wish to return to Sabah or Sarawak to practise law may do so providing they gain admission to practice in an Australian jurisdiction first and then fulfil additional requirements upon their return to Sabah or Sarawak.

Fiji: All Australian law degrees are recognised in Fiji. Graduates must also complete their Practical Legal Training to be admitted to practice law in Fiji.

Papua New Guinea (PNG): All Australian law degrees are recognised in PNG. Graduates who are not citizens of PNG must complete their Practical Legal Training, have three years' post admission experience, and complete three exams on PNG law to be admitted to practice law in PNG.

Brunei: All Australian law degrees are recognised in Brunei. Graduates must also complete their Practical Legal Training to be admitted to practice law in Brunei.

India: Griffith's law degree is recognised for the purposes of admission to legal practice in India.

Please note that different jurisdictions' admission rules and requirements are subject to change. You should carefully examine the relevant legal requirements which are usually available on each jurisdiction's relevant law or bar association's websites.

----------------------------	----------	----	------	-----	-----	-----	---	-----	------	---------

What you will study

This degree delivers advanced professional learning for teachers and those with a professional involvement in education including school bursars, school development officers and training personnel. It will help you develop greater expertise in educational practice or research and can contribute to current teachers' professional development requirements. Please note that this degree is not an initial teacher education program and will not lead to registration as a teacher in Queensland schools.

Majors

- Autism Studies
- Early Childhood Studies (not accredited with ACECQA)
- Educational Leadership
- Educational Technology
- Learning and Professional Development
- Special Needs Education
- Teaching of English to Speakers of Other Languages (TESOL)
- Wellbeing in Education.

Entry requirements

- Bachelor degree or higher OR
- Relevant work experience

Career opportunities

You will be able to meet individual professional learning and research development needs. The degree also allows you to gain significant professional advantages to support advancing your education career.

Pathway option(s)

For students interested in undertaking doctoral studies, this program provides a Research major that articulates with the Master of Education and Professional Studies Research (5608) and onto the Doctor of Philosophy (PhD) or Doctor of Education (6022).

-----------------------------------	-----	--------	---------	-----	-----	-----	---	-----	------	---------

What you will study

This postgraduate, pre-service teacher education program is offered in intensive mode to enable completion in one and a half years or over two years full-time. The program provides professional preparation for teaching in primary school (Prep to Year 6) settings. It is designed for graduates from a non-education background wishing to teach in this context.

The program covers the theory and practice of teaching concentrating on: the characteristics of learners; the social and educational contexts of education; curriculum studies; and professional experience in relevant settings.

Entry requirements

Non-Education bachelor degree or equivalent plus submission of 1000-word personal statement.

Career opportunities

Graduates will be qualified to teach students in public and private primary schools throughout Australia as well as at equivalent levels overseas.

Recognition/accreditation

The Master of Primary Teaching is accredited by the Queensland College of Teachers (QCT).

To obtain registration with the Queensland College of Teachers, graduating teachers must have evidence to demonstrate that their English language proficiency meets the minimum requirements for registration.

Postgraduate degrees

	Start Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Codes		
									Program	CRICOS	
Teaching											
Master of Secondary Teaching	Mar	1.5–2F	G, M, O	N/A	160	7.5	O	N/A	5700	0100414	
What you will study	You can choose to accelerate your studies over 1.5 years or study full-time over two years. If you choose the accelerated option you will be able to apply for registration six months earlier than graduates from other universities.			If you are a graduate from a non-education background, perhaps seeking a career change, and wish to teach in secondary school settings, this degree will provide you with the necessary skills and knowledge to register with the QCT.			You will learn the theory and practice of teaching, as well as about the characteristics of learners and teachers and the social contexts of education. The degree includes education studies, curriculum studies in two nominated teaching areas, and professional experience in secondary school settings.			<p>You will need to be able to identify two of the following Teaching Areas (students may choose to take teaching areas from another campus and travel to the campus at which those teaching areas are offered):</p> <ul style="list-style-type: none"> • Biology (G, M)* • Business (G) • Chemistry (G, M)* • Design Technologies (G) • Digital Technologies (G) • Drama (M) • English (G, M) • Food and Nutrition (G) • Geography (M) • Health and Physical Education (G, M) • History (G, M) • Instrumental Music (M)* • Languages other than English (LOTE) (M) • Mathematics (G, M) • Music (M) • Physics (G, M)* • Psychology (M)* • Visual Arts (M) 	
	Entry requirements			Non-Education bachelor degree or equivalent plus submission of 1000-word personal statement.			Career opportunities			Graduates will be qualified to teach students in public and private secondary schools throughout Australia as well as at equivalent levels overseas.	
	Recognition/accreditation			The Master of Secondary Teaching is accredited by the Queensland College of Teachers (QCT).			To obtain registration with the Queensland College of Teachers, graduating teachers must have evidence to demonstrate that their English language proficiency meets the minimum requirements for registration.				
* These teaching areas must be taken at a senior level and therefore require a minimum of six subjects in each area in the undergraduate degree.											

Teaching of English to Speakers of Other Languages

Graduate Certificate in Teaching of English to Speakers of Other Languages	Mar*, Jul*, Nov [^]	0.5F	N, O	N/A	40	6.5	A	N/A	3016	006684G	
Entry requirements: Any bachelor degree or higher.											
* Trimester 1 and 2 (March and July entry) Online or Nathan campus, part-time only.											
[^] Trimester 3 (November entry) Nathan campus only, full-time only.											
Master of Teaching of English to Speakers of Other Languages	Mar, Jul, Nov*	1–2F	N, O	N/A	160	6.5	A	N/A	5727	097291D	
* Trimester 3 (November entry) not available to students entering with advanced standing.											
What you will study	The Master of Teaching English to Speakers of Other Languages (TESOL) provides academic and pedagogical foundations for professionals who are or will be involved in work that focuses on the learning and teaching of English as a second or foreign language. The degree provides a qualification in the teaching of English in a variety of contexts with a strong focus on teaching in the Asia-Pacific region.			The program content is internationalised and intercultural, focusing on the development of a knowledge base and analytical skills that will enable graduates to operate in a range of roles involving the need to understand how second and foreign languages are learned. Much of the content of the program is also relevant to teachers of languages other than English. The course includes a research component requiring the knowledge and application of research principles and practices relating to professional work or learning in TESOL.			Please note that this program does not lead to teacher registration with the Queensland College of Teachers.			<p>Entry requirements</p> <p>Any bachelor degree or higher OR a combination of alternative admission criteria such as formal, informal and non-formal learning deemed to be equivalent to a bachelor degree or higher.</p> <p>Career opportunities</p> <p>Graduates may find employment opportunities locally or overseas, teaching English as a second or foreign language, or working in leadership positions in language teaching institutions. You may find opportunities at TAFE or technical colleges, university language centres, private language schools and language teaching institutions for migrants.</p>

Undergraduate degrees

Aviation

Program	CRICOS	Codes	Pathways	Academic	IELTS	Credit pts.	Honours	Campus	Duration	Start Trimester
Bachelor of Aviation	1517	085494C	N/A	S	6.5	240	N/A	N, O [†]	2F*	Mar, Jul [^]

[^] Trimester 2 entry is only available for Professional Entry pathway—for students with 80 or 160 credit points of advanced standing.
^{*} 3 years full-time equivalent offered over 2 years.
[†] Online available to Professional Entry pathways only.

Double degree option(s): Engineering (Honours); Information Technology.

Bachelor of Aviation Management	1367	092428K	N/A	S	6.5	240	N/A	N, O	1.5 or 2F*	Mar, Jul
---------------------------------	------	---------	-----	---	-----	-----	-----	------	------------	----------

* 3 years full-time equivalent offered over 2 years OR 1.5 years full-time (Professional Entry).

What you will study

It takes specialist management skills to keep the aviation industry flying, in operational business roles and in the public sector.

In recognition of the unique demands of aviation, this degree has been designed alongside industry to ensure we produce graduates with the core competencies that employers demand. This includes knowledge in airport planning, operations and management, human factors for aviation managers, security and risk management, government-business relations, business data analysis, and more.

Career opportunities

As a graduate of this degree, you'll be equipped for employment in aviation management. You will also be able to apply your management skills to seeking roles in many areas of the aviation industry, including airlines, airports, air traffic service providers, maintenance and repair organisations, and government organisations such as the Civil Aviation Safety Authority (CASA) and the Australian Transport Safety Bureau (ATSB).

Pathway option(s)

- Diploma of Business

For more information go to griffith.edu.au/college.

Our graduates have been successful in gaining a range of positions with organisations including Cathay Pacific, Emirates, Virgin Australia, Jetstar, and Qantas, as well as Airservices Australia and CASA.

---	------	---------	-----	---	-----	-----	---	------	----	----------

What you will study

In this degree, you'll combine the fundamental principles underpinning computer science with the practical development of technology skills.

You'll be equipped to work across platforms to solve complex problems with intelligent systems and software.

You'll study intelligent systems, software development, data mining and data analytics, and gain skills in communication, leadership, innovative thinking and ethical practice. You'll also have the opportunity to develop entrepreneurial thinking through Griffith's business accelerator space, giving you the skills to create your own start-up.

Majors

Students of this degree may choose to specialise in one or both of the below majors:

- Data Science and Artificial Intelligence
- Software Development

Alternatively, you can gain specialist knowledge across multiple areas by choosing the 'no major' option.

Career opportunities

As a graduate, you'll be prepared for jobs such as a software developer, computer programmer, software engineer, web and mobile applications developer, data scientist, systems analyst, games developer, software systems architect, cyber security engineer and computer science researcher.

Double degree option(s)

Combine Computer Science with: Engineering (Honours).

Recognition/accreditation

The program has been designed to meet Australian Computer Society (ACS) professional accreditation standard. Graduates of an accredited program are recognized by equivalent professional bodies overseas. Graduates will be eligible to apply to join the ACS, Association for Computing Machinery (ACM) and the Institute of Electrical and Electronics Engineers (IEEE), and receive reciprocal privileges.

Griffith's computer science program is Queensland's premier degree for individuals focused on careers in the dynamic software development, software engineering and data analytics sector.

Engineering

Bachelor of Engineering (Honours)	1542	090583D	N/A	✓	6.5	320	H1	✓	4F	Mar, Jul
	1546	090583D	G	✓	6.5	320	H1	✓	4F	Mar, Jul

What you will study

When you choose this degree, you'll be engineering from day one. In your first year, you'll develop a strong foundation in basic science and engineering principles.

In your second year, you'll choose your preferred major so you can focus on the area you feel passionate about. Entering your final year, you'll put your skills to work on a project with one of our industry partners here or overseas, as part of our trimester-long Industry Affiliates Program.

Majors

Civil Engineering (G,N); Electronic Engineering (N); Electronic and Energy Engineering (N); Electronic and UAV Engineering (N); Electrical and Electronic Engineering (G); Environmental Engineering (N); Mechatronics (N); Mechanical Engineering (G,N).

Career opportunities

You may find employment in private and government organisations across sectors including renewable energy, manufacturing, aerospace, mining, telecommunications, transport, defence, entertainment, information technology, utilities, the automotive industry, waste management and more.

Double degree option(s)

Combine Engineering (Honours) with: Aviation; Business; Computer Science; Data Science; Environmental Science; Industrial Design; Information Technology; Science.

Pathway option(s)

- Diploma of Engineering

For more information go to griffith.edu.au/college.

Recognition/accreditation

In Australia, professional accreditation of entry to practice engineering programs is the responsibility of Engineers Australia and is normally carried out on a five-yearly cycle. Griffith University underwent this review in September 2020.

Accreditation ensures academic institutions consistently meet national and international benchmarks and engineering graduates of an accredited program are assured membership with Engineers Australia at the relevant career grade and enjoy reciprocal privileges by equivalent professional bodies overseas.

Countries such as the USA, United Kingdom, Hong Kong (SAR), New Zealand, Canada, South Africa and others that are co-signatories to international agreements on joint recognition offer international recognition.

The Washington Accord, the Sydney Accord and the Dublin Accord recognise the substantial equivalence of accreditation systems and accredited programs across international boundaries at the Professional Engineer, Engineering Technologist and Engineering Associate levels respectively. Please refer to the International Engineering Alliance (IEA) website for more details.

Please see the Engineers Australia website for the most recent list of accredited programs.

Participate in a full trimester placement in industry in your final year, working on a real engineering project.

Bachelor of Software Engineering (Honours)	1656	106761M	N/A	S	6.5	320	✓	G, N	4F	Mar, Jul

Double degree option(s): Engineering (Honours).

Undergraduate degrees

Information technology

	Start Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Program	CRICOS
Bachelor of Information Technology	Mar, Jul, Nov	3F	G, N, O	✓	240	6.5	S	✓	1538	003423G

What you will study

With this degree, you'll achieve a high level of core IT technical knowledge and a major specialisation, ensuring you're prepared for a career across a vast number of roles and industries. You'll learn in purpose-built, industry-leading facilities crafted to reflect genuine workplaces. From our Big Data Visualisation Lab to our virtual reality, augmented reality, gamification and robotics labs, you will have ample opportunity to enhance your learning through cutting-edge technology such as our new Cyber Range.

Majors

Information Systems; Networks and Security; Software Development.

Career opportunities

Depending on your major, you may find a job as a systems analyst, business analyst, software developer, database administrator, systems administrator, network and security administrator, network architect, technical writer, web developer, app developer, game developer, computer engineer, educator or researcher.

You'll be prepared for a career in commerce, industry, corporate IT, government or private consulting.

Double degree option(s)

Combine Information Technology with: Business; Aviation; Commerce; Criminology and Criminal Justice; Engineering (Honours); Science.

Recognition/accreditation

Graduates are eligible to apply to join the Australian Computer Society as full members.

Griffith University has accreditation from the International Institute of Business Analysis (IIBA) and graduating Bachelor of Information Technology students with the Information Systems major will have commenced their preparation for industry certification from the IIBA.

Bachelor of Information Technology students graduating with the Networks and Security major will be ready to undertake industry network certification.

Accreditation: A renewal of professional accreditation for 2023 onward is currently in progress with the Australian Computer Society.

Pathway option(s)

· Diploma of Information Technology

For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

Gain the knowledge and skills needed to be a successful IT graduate and have the opportunity to specialise in information systems, networks and security or software development.

	Start Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Program	CRICOS
Bachelor of Intelligent Digital Technologies	Mar, Jul	3F	G, N	N/A	240	6.5	S	N/A	1596	096706E

What you will study

In this degree, you'll learn the fundamentals of information and communication technology (ICT) alongside problem-solving and high-level programming skills for applications in cutting-edge fields such as the Internet of Things (IoT), robotics, app and web development, big data analysis, and virtual reality (VR) and augmented reality (AR) applications. You'll learn how to harness data and use it for a range of applications, from robots to app development. In your first year, you will learn about trends in emerging technologies, coding and human-computer interaction.

Majors

Students may choose to gain specialist skills by undertaking one or both of the majors:

- Internet of Things and Robotics
- Programming for Visualisation and Entertainment

If you choose a single major, you will have the flexibility to undertake electives of your choice. In your final year of studies, you will bring together your skills and knowledge in a work placement.

Career opportunities

You'll be prepared for a career at the forefront of technology, as a web or mobile application developer for various cutting-edge technologies including virtual reality and augmented reality, 3D visualisations, IoTs, robotics, unmanned aerial vehicles, artificial intelligence and big data.

Recognition/accreditation

Professional accreditation for the Bachelor of Intelligent Digital Technologies for 2023 onward is currently in progress with the Australian Computer Society (ACS).

Data science

Data science can be taken as part of a double degree with Engineering, Science, Business, and Environmental Science, which will allow you to develop a specialised skill set that can be applied to your chosen major of study, and broaden your career options.

Postgraduate degrees

Aviation

Graduate Certificate in Aviation Management	Mar, Jul	0.5F, 1P*	N, O	N/A	40	6.5	A	N/A	3112	069966J

* Part-time study available online only.

Entry requirements: Any bachelor degree or higher OR relevant work experience.

	Start Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Program	CRICOS
Master of Aviation Management	Mar, Jul	1–1.5F	N, O	N/A	120	6.5	A	N/A	5647	076266A

What you will study

You will gain the knowledge, skills and vision needed to accept and master the challenge of changing management practices in the aviation industry.

Entry requirements

Related bachelor degree (5.0 GPA) or higher and relevant work experience.

Career opportunities

You will have knowledge and experience to further your career in the airline industry and offer potential employers a competitive advantage over other organisations in the region. On graduation you will also be eligible to pursue doctoral studies or conduct independent research into the aviation sector.

You will be equipped with the skills needed for lifelong learning in the evolving aviation environment.

Entry requirements: Bachelor degree in engineering (5.0 GPA) or higher.									

What you will study

These degrees provide advanced study across a range of specialisations in engineering. They are designed to extend and deepen your knowledge and skills gained from a related undergraduate degree.

Civil: Ideal for professional civil engineers who aspire to develop their design skills and advance their capabilities to analyse and solve structural problems and manage projects across a wide range of real-world civil engineering applications.

Electronic and Computer: You will develop advanced knowledge in electronics allowing you to work in the many different disciplines of electronics, focusing on the area of electronic computing and the prolific use of microprocessors and computing hardware in modern devices.

Electronic and Energy: You will develop advanced technical expertise in diverse areas of electronic and energy engineering, allowing you to work in the many different disciplines of electronics. You will also further your understanding of the use of both classical and the latest electronic technology to allow the generation, distribution, efficient use and storage of energy.

Electronic and Sport: Electronic and sport engineers work in the exciting cutting-edge area of high technology in sport. In this degree, you will gain the advanced core knowledge needed in the electronics area, specialising in sport technology.

Engineering Project Management: This program teaches engineering and project management to future engineering leaders, equipping them with the skills they need to compete globally.

The program provides engineering graduates with the art and science of managing engineering projects. The program is ideal for professional graduate engineers who aspire to develop their managerial skills and advance their capabilities to initiate, plan, resource and execute real-world engineering projects.

Environmental: You will gain an in-depth understanding of environmental engineering problems and issues, and have the opportunity to specialise in high-demand areas such as solid and hazardous waste management, water treatment, wastewater treatment, air quality monitoring and control, and renewable energy.

Professional: The Master of Professional Engineering is for aspiring engineers who want to obtain a professional qualification to practice as an engineer in Australia and overseas, or for existing professional engineers to move into a different field of engineering. The program focuses on the knowledge and skills required to design solutions and manage engineering projects in a holistic way. The Master of Professional Engineering (5728) is provisionally accredited by Engineers Australia.

Career opportunities

Master of Civil Engineering and Master of Civil Engineering Advanced: The building, construction, infrastructure, and mining industries; projects for public and private sector clients; analysis and design services to engineering projects.

Master of Electronic and Computer Engineering:

Large companies involved in electronic based infrastructure and smaller companies undertaking design and/or manufacture.

Master of Electronic and Energy Engineering: Energy industries in both technical and management, energy discipline consultation, energy efficiency, storage products and renewable energy production equipment.

Master of Electronic and Sport Engineering: Senior roles in electronic engineering, sport engineering, elite sport groups or in research bodies.

Master of Engineering Project Management and Master of Engineering Project Management Advanced:

Consulting; private or public sector organisations; built environment; civil infrastructure; oil and gas; mining; energy; and facility and asset management services.

You may find a job as a project engineer, project manager, contracting manager or team leader.

Master of Environmental Engineering and Master of Environmental Engineering and Pollution Control: Environmental engineering, infrastructure, consulting.

Master of Professional Engineering: Designed for those wanting to change careers to become an engineer, obtain accredited qualifications to practise as an engineer in Australia and overseas, or move into a different field of engineering.

Pathway option

* 1 year part-time only.											
Master of Cyber Security	Mar, Jul		2F	G, N, O	N/A	160	6.5	A	N/A	5726	
What you will study	As technology continues to evolve, the need for organisations to protect and secure digital information is becoming more critical. As a graduate of the Master of Cyber Security, you will possess the skills to generate and implement innovative cyber security solutions for business, government and individuals.				In this degree, you'll develop the expertise to investigate and identify current and future cyber security threats, conduct risk and vulnerability assessments of networked devices and infrastructure, and generate and implement innovative cyber security solutions.			Entry requirements Any bachelor degree (4.0 GPA) or higher.			
					Recognition/accreditation Professional accreditation for the Master of Cyber Security for 2023 onward is currently in progress with the Australian Computer Society (ACS).			Also available Master of Financial Technology: For more information refer to page 34.			
Master of Information Systems and Information Technology Management	Mar, Jul		1.5–2F	N	N/A	160	6.5	A	✓	5658	084294G
About this program	In this degree, you will gain a combination of technical and managerial knowledge and skills, which will provide you with a holistic approach to effectively manage information technology in organisations. You will also develop a solid grounding in the principles and practice of information technology and an in-depth knowledge of information and communication technologies and information systems. With this knowledge, you will be able to confidently manage the functional responsibility for choosing, implementing and maintaining information systems and technology within, and across, organisations.				Career opportunities You will graduate with industry-recognised skills as well as technical, analytical, and research skills in information systems and information technology. You will be prepared to pursue a wide range of senior employment opportunities relating to the development and management of information technology in any organisation. These positions may include systems analyst/developer, web/eCommerce developer, database designer and administrator and information resource manager. It can also lead to higher-level positions involved in formulating strategic plans and developing policy.			Graduates are not limited to working in the IT industry but may work in all industries where the management of IT and implementation of information systems is essential for efficient and effective operations.			
								Entry requirements: Any bachelor degree (4.5 GPA) or higher.			
Master of Information Technology	Mar, Jul, Nov		1.5–2F	G, N, O	N/A	160	6.5	A	✓	5612	083391D
What you will study	In this degree, you will gain a comprehensive education in the principles and practice of information technology. Through your chosen major, you will develop an in-depth understanding of the underlying technology, administration and application of specific applications of information technology and systems. You will learn about information technology planning and management, and about Internet-based services used in commerce, education, health, science, public administration, and many other sectors. You will also learn how to apply information technology to model, support, and manage modern, flexible organisations.				Career opportunities Enterprise Architecture: Business architects; information architects; enterprise infrastructure and security architects; or enterprise solutions architects. Information Systems and Business Analysis: Project managers; program managers; business analysts; change managers; data analysts; quality managers; or program directors. You may find opportunities in large multinational organisations, such as in the mining industry, as well as in government. IT Services: You will be prepared for work as a technical support officer, ICT consultant, and support engineer and system analyst in industries and government agencies. Networking and Security: Development operations specialists; network security engineers; security network consultants; security managers; or security applications specialists. Software Development: Developers; test engineers; web developers; or researchers in government research centres.			Recognition/accreditation A renewal of professional accreditation for 2023 onward is currently in progress with the Australian Computer Society.			
								Pathway option · Masters Qualifying Program For more information go to griffith.edu.au/college . <i>Our IT degrees are based on a strong theoretical foundation with practical experiences to make you industry-ready.</i>

Arts and social sciences

Program	Start Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Codes	
									Program	CRICOS
Bachelor of Arts	Mar, Jul, Nov	3F	G, N	✓	240	6.5	S	✓	1021	000609M

Majors: Students of this degree can choose to specialise in one of the following areas: Creative Writing; Criminal Justice; Drama; History; Indigenous Studies; Islam–West Relations; Journalism; Language, Culture and Society; Languages (Chinese, French*, German*, Indonesian*, Italian, Japanese, Korean*, Modern Greek[^] and Spanish); Literary Studies; Popular Culture; Psychology; Security and International Studies; Social Justice; Sociology; Strategic Communication.

Minors: Art History and Theory; Digital Media Production; Environmental Humanities; Gender Studies; Medical Humanities; Politics and International Studies; Russian Language*; Screen Studies; Security Studies; Translating and Interpreting for Chinese Speakers.

Double degree option(s): Combine Arts with: Business; Laws; Science.

* Available via cross-institutional study at The University of Queensland.

[^] Available online via cross-institutional study with Flinders University, South Australia.

Bachelor of Social Science	Mar	3F	G, N	N/A	240	6.5	S	N/A	1576	094392A
----------------------------	-----	----	------	-----	-----	-----	---	-----	------	---------

Major(s): Economics; Environmental Sustainability; Global Security Threats; Media, Communication and Social Change; Politics in Asia; Social Justice.

Communication and journalism

Bachelor of Communication and Journalism	Mar	3F	G, N	N/A	240	6.5	S	✓	1597	096707D
--	-----	----	------	-----	-----	-----	---	---	------	---------

What you will study

In Griffith's Bachelor of Communication and Journalism, you'll be equipped with a comprehensive suite of communication skills, ready for varied opportunities in new media. You'll graduate as a specialist who understands the diversity of the contemporary communication landscape and has the holistic skill set to thrive within it. You'll develop advanced skills in digital media, public relations and journalism, allowing you to take advantage of the full array of contemporary communication career opportunities.

Industry experience and connections

Throughout your studies, you'll work alongside and learn from some of the best communication professionals in the country. You'll apply your skills through a major industry project and have access to internships aligned with your interests. By the time you graduate, you'll be set to start your career with established networks and a professional portfolio of work, and be ready to lead innovation and facilitate change in the thriving communication and media industry.

Career opportunities

As a graduate of this degree, you'll be prepared to work within strategic or public communication, corporate promotions, commercial communication, journalism, freelance writing, creative industries, public relations and communications firms, government and non-government organisations, not-for-profit and aid organisations, media and the film industry, entrepreneurial and start-up organisations.

Double degree option(s)

Combine Communication and Journalism with: Business; Government and International Relations; Science.

Languages and linguistics

Bachelor of Languages and Linguistics	Mar, Jul	3F	G, N	N/A	240	6.5	S	N/A	1116	019661G
---------------------------------------	----------	----	------	-----	-----	-----	---	-----	------	---------

You can specialise in one or more of the following languages: Chinese; French*; German*; Indonesian*; Italian; Japanese; Korean*; Modern Greek[^]; Spanish.

* Available via cross-institutional study at The University of Queensland.

[^] Available online via cross-institutional study with Flinders University, South Australia.

Diploma of Languages*	Mar, Jul, Nov	2P [†]	G, N	N/A	80	6.5	S	N/A	8025	
-----------------------	---------------	-----------------	------	-----	----	-----	---	-----	------	--

Major(s): Chinese Language; Italian Language; Japanese Language; Spanish Language.

* International students are only able to undertake the Diploma of Languages in conjunction with a CRICOS registered degree program providing they maintain full-time enrolment in their primary degree of study and continue to progress academically.

[†] Part-time only.

'I originally graduated from teaching in Brazil and worked for two years as a preschool and primary teacher before moving to Australia and enrolling in the Master of Teaching of English to Speakers of Other Languages (TESOL). After being at Griffith I felt secure in my ability to teach, and being able to put what I learnt into practice. I am passionate about teaching, exchanging experiences with my students and helping them to achieve their goals. I couldn't see myself doing anything else. I am extremely grateful to be able to teach in a place like Australia where I can meet people from all over the world and get to know their culture.'

Flavia (Brazil)

* Trimester 3 (November entry) not available to students entering with advanced standing.											

What you will study

The Master of Teaching English to Speakers of Other Languages (TESOL) provides academic and pedagogical foundations for professionals who are or will be involved in work that focuses on the learning and teaching of English as a second or foreign language. The degree provides a qualification in the teaching of English in a variety of contexts with a strong focus on teaching in the Asia-Pacific region.

The program content is internationalised and intercultural, focusing on the development of a knowledge base and analytical skills that will enable graduates to operate in a range of roles involving the need to understand how second and foreign languages are learned. Much of the content of the program is also relevant to teachers of languages other than English. The course includes a research component requiring the knowledge and application of research principles and practices relating to professional work or learning in TESOL.

Please note that this program does not lead to teacher registration with the Queensland College of Teachers.

Entry requirements

Any bachelor degree or higher OR a combination of alternative admission criteria such as formal, informal and non-formal learning deemed to be equivalent to a bachelor degree or higher.

Career opportunities

Graduates may find employment opportunities locally or overseas, teaching English as a second or foreign language, or working in leadership positions in language teaching institutions. You may find opportunities at TAFE or technical colleges, university language centres, private language schools and language teaching institutions for migrants.

Medicine, dentistry and health

Griffith Health Clinics

Under supervision, students practise clinical skills with real patients. The Griffith Health Clinics provide more than 50,000 patient appointments on campus each year.

\$150 million Griffith Health Centre

Part of the Gold Coast Health and Knowledge Precinct with extraordinary clinical and teaching facilities in medicine, dentistry, allied health and more.

Graduate in demand

In many areas of healthcare, Griffith graduates are selected as graduates of choice by employers. Our broad health expertise gives you the opportunity to interact with all aspects of the healthcare profession, equipping you to launch your career in Australia's largest and fastest-growing industry.

Biomedical science

Program	CRICOS	Codes	Pathways	Academic	IELTS	Credit pts.	Honours	Campus	Duration	Start Trimester
Bachelor of Biomedical Science	1031	002535G	✓	H2	6.5	240	✓	N	3F	Mar, Jul
										Mar, Jul
Bachelor of Biomedical Science	1094	002535G	✓	H2	6.5	240	✓	G	3F	Mar, Jul
										Mar, Jul

What you will study

In this future-focused degree, you'll gain an understanding of health and the methods for researching, diagnosing and treating disease. You'll develop knowledge and skills in biological and clinical sciences, and understand how they can be applied to medicine, biomedical research and other healthcare professions. In your first year, you'll be introduced to the basic sciences underpinning biomedical science. In your second and third years, you'll explore more advanced aspects of the biomedical and clinical sciences, including genetics, biochemistry, cell biology, anatomy, physiology, immunology, microbiology, infectious disease, pharmacology and neuroscience.

Further studies

As a graduate, you'll be well placed to apply for our graduate-entry medical degree, the Doctor of Medicine. Alternatively, you may progress directly into the Graduate Diploma of Clinical Physiology or a range of masters degrees in other health professions, including pharmacy, speech pathology, rehabilitation counselling, and public health. You may also choose to continue with postgraduate research.

Career opportunities

You'll be prepared for work as a biomedical scientist, healthcare technician and biomedical sales representative in hospitals, health departments, medical research institutes, university and government research organisations, and in the pharmaceutical, diagnostic, biotechnology and other health-related industries.

Recognition

The following organisations recognise graduates of this award:

- Australia and New Zealand Society for Cell and Development Biology (ANZSCDB)
- Australian Society for Biochemistry and Molecular Biology (ASBMB)
- Australasian Society for Human Biology (ASHB)
- Australian Society for Medical Research (ASMR)
- Australian Society for Microbiology (ASM)

Pathway option(s)

- Diploma of Health Sciences
- Diploma of Science

For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

Learn through hands-on, laboratory-based training in biomedical science.

Dentistry

Program	CRICOS	Codes	Pathways	Academic	IELTS	Credit pts.	Honours	Campus	Duration	Start Trimester
Bachelor of Dental Health Science	1577	094385M	N/A	H6	7.0	240	✓	G	3F	Mar

What you will study

This degree is the first step towards a career in dentistry. You will learn from extensive hands-on training from the first year of your studies.

You will study and work alongside registered dentists and dental specialists in real life settings including in regional areas and in our modern dental clinic and specialised laboratories in the state of the art Griffith Health Centre. You will enhance your skills through professional practice placements.

Career opportunities

As a graduate of this degree and our Master of Dentistry, you'll be qualified to work as a registered dentist, with opportunities to be found in private practice, hospitals, community dental clinics and the armed services.

Further study and research can lead to a career in academic teaching or speciality practice.

Recognition/accreditation

Completion of this degree and Griffith University's two-year Master of Dentistry enables you to apply for registration with the Australian Health Practitioner Regulation Agency (and equivalent New Zealand authorities) as a dentist subject to meeting any additional requirements that may be stipulated by the Dental Board of Australia. As these requirements may change from time to time, students should contact the Australian Health Practitioner Regulation Agency (AHPRA) to confirm registration requirements.

Applicants are advised that the Australian Health Practitioner Regulation Agency (AHPRA) requires dentists to demonstrate English language skills that are suitable for registration. Further information is available on the AHPRA website.

Accreditation: The Bachelor of Dental Health Science (when articulated with the Master of Dentistry) is accredited by the Australian Dental Council (ADC).

Gain extensive clinical work in the Griffith Dental Clinic as well as in rural and remote communities, Indigenous services, and aged care facilities.

Bachelor of Dental Hygiene	1613	0100243	N/A	H3	7.0	240	N/A	G	3F	Mar
----------------------------	------	---------	-----	----	-----	-----	-----	---	----	-----

Bachelor of Dental Prosthetics	1638	102310D	N/A	R	7.0	240	N/A	G	1F*	Mar
--------------------------------	------	---------	-----	---	-----	-----	-----	---	-----	-----

Entry requirements: Bachelor of Dental Technology degree (or equivalent) from Griffith University or a partner University, completed within the past ten years with a minimum GPA score of 4.0 (on Griffith University 7 point scale).

Bachelor of Dental Technology	1574	094387J	✓	H3	6.5	240	N/A	G	3F	Mar
-------------------------------	------	---------	---	----	-----	-----	-----	---	----	-----

Double degree option(s): Dental Prosthetics.

Pathways to further study: graduates of the Bachelor of Dental Technology may be eligible to apply for the Bachelor of Dental Prosthetics, graduate entry only program.

Bachelor of Dental Technology/Dental Prosthetics	1580	094388G	N/A	H3	7.0	320	N/A	G	4F	Mar
--	------	---------	-----	----	-----	-----	-----	---	----	-----

Exercise and sport

Bachelor of Clinical Exercise Physiology	1604	097688E	N/A	H1	7.0	320	N/A	G	4F	Mar
--	------	---------	-----	----	-----	-----	-----	---	----	-----

Bachelor of Exercise Science	1171	017687B	✓	S	6.5	240	✓	G	3F	Mar, Jul
------------------------------	------	---------	---	---	-----	-----	---	---	----	----------

What you will study

You'll gain skills and knowledge in the physical, biomedical and psychological sciences needed to become an exercise scientist. You will learn the role of exercise in health maintenance and rehabilitation. As an exercise scientist, you'll apply the science of exercise to develop interventions that improve health, fitness, wellbeing and performance, at individual, community and population levels. These interventions include education and the promotion and implementation of appropriate physical activity or exercise.

Double degree option(s)

Combine Exercise Science with: Business; Psychological Science.

Career opportunities

You'll be prepared to work in roles including community or organisational exercise scientist, clinical scientist specialising in cardiac, respiratory and sleep medicine, rehabilitation, sports or recreation manager, strength and conditioning coach, and occupational health and safety officer.

Professional placements

As part of your degree, you will have the option to undertake professional placement, which will see you put your skills and knowledge into practice.

Recognition/accreditation

The Bachelor of Exercise Science is accredited by Exercise and Sports Science Australia (ESSA). As a graduate, you'll be eligible to apply for registration as an Accredited Exercise Scientist with Exercise and Sports Science Australia.

Pathway option(s)

- Diploma of Health Sciences

For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

You have the option of a professional practice placement course to put your knowledge and skills into practice.

Bachelor of Medical Laboratory Science (Honours)	Mar, Jul	1F	G	✓	80	7.0	H2	✓	2116	087620G	
What you will study	Medical scientists perform diagnostic tests of blood, tissues and other bodily fluids to help doctors diagnose diseases such as glandular fever, diabetes, swine flu and even cancer. Medical scientists can also recommend treatment options and help manage clinical trials. In this degree, you will develop the knowledge and skills to work as a medical scientist. In your first year, you will take courses in chemistry, cell biology, anatomy and physiology. You will learn about the body's structure, how it functions under normal circumstances and general health challenges. From your second year, you will start to focus on specialist courses in medical laboratory science and learn how the body functions under diseased conditions.			Career opportunities Graduates will be prepared to work in hospital laboratories, private pathology laboratories, state health laboratories and universities. Scientists also work in fertility clinics, forensic medicine, defence forces, Australian Red Cross, and research and development departments of scientific companies.			Recognition/accreditation You'll be eligible to join the Australian Institute of Medical Scientists (AIMS).				
Clinical placement	In your fourth year, you will gain more in-depth knowledge of medical laboratory science and undertake full-time clinical placements in each of the areas of medical science.			Pathway option(s) • Diploma of Health Sciences For more information go to griffith.edu.au/college .			Honours available Honours is available for this degree (through an additional year of study).				
Medicine											
Bachelor of Medical Science	Mar	2F*	G, N	✓	240	7.0	H6	N/A	1280	058449K	
What you will study	This degree, designed for high-achieving secondary school leavers, provides the opportunity for you to progress directly into our Doctor of Medicine (subject to a minimum GPA of 5.0). In your first year, you'll be introduced to the basic sciences underpinning medicine and medical science—chemistry, anatomy, physiology, biochemistry, microbiology, molecular genetics, psychology, genes and disease, and legal and ethical principles of healthcare. In second year, you'll study these areas in greater depth and take medically focused courses in immunology, infectious disease, pharmacology, metabolism and structural biochemistry and epidemiology. You'll also learn to integrate and apply the knowledge learned in your first and second year by studying our Integrative Medical Sciences course.			Entry requirements Admission to the Bachelor of Medical Science will be determined by the following criteria: • academic achievement for Year 12 applicants in the year before entry OR • academic achievement for applicants who have completed their senior secondary studies up to three years prior to application and who have not previously attempted tertiary study at Diploma level or higher • all prerequisite subjects (or their equivalent) must be met.			Career opportunities If you progress to the Doctor of Medicine, you'll be preparing for a career in specialist clinical practice, primary care medicine, preventive health, medical or translational research and healthcare services.				
Honours	Honours is available as an additional year of study for high-achieving students. To be eligible, you must achieve a GPA of at least 5.0 for the second and third year level courses of your bachelor degree and secure a supervisor.										
Nursing and midwifery											
Bachelor of Midwifery	Feb	3F	L*	✓	240	7.0	S	N/A	1354	103304E	
* This degree uses a blended learning approach including face-to-face workshops, simulated practice, active online learning and extensive compulsory midwifery practice. All on-campus teaching sessions are offered on Logan campus, with some midwifery laboratory sessions also available at the Gold Coast and Toowoomba.											
Note: Applicants are not permitted to defer an offer. Should you be unable to accept an offer, you must re-apply for entry in the following year.											
Bachelor of Nursing	Mar, Jul*	3F	G, N, L	✓	240	7.0	S	✓	1162	002436M	
What you will study	Nursing is the science of professional caring, and offers opportunities to promote and restore health, prevent illness and alleviate suffering. You'll develop the key knowledge and skills required to provide excellent nursing care. You'll develop your skills through clinical placements across the health sector and you may have the opportunity to undertake rural, remote and overseas placements. You'll learn from leading experts, with Griffith ranked No. 1 in Australia and No. 2 in the world for Nursing and Midwifery in the 2021 ShanghaiRanking Global Ranking of Academic Subjects.			Recognition/accreditation Graduates of this program will be eligible to apply for registration with the Nursing and Midwifery Board of Australia via the Australian Health Practitioners Regulation Agency (AHPRA) subject to meeting any additional requirements that may be stipulated by the Nursing and Midwifery Board of Australia. As these requirements may change from time to time, students should contact AHPRA to confirm registration requirements.			Career opportunities As a nursing graduate, you'll be prepared to help fill the demand for nurses, with career opportunities in hospitals, the community, and in urban, rural and remote settings. You'll be equipped for a career in professional nursing in any healthcare setting.				
Honours available	Honours is available for this degree (through an additional year of study).										
* The T2 intake for all nursing programs is only available to applicants with a Diploma of Health Care (from Griffith College) OR a Diploma of Nursing from an accredited Australian education provider and registration as an Enrolled Nurse with the Australian Health Practitioner Regulation Agency (AHPRA) OR to international qualified nurses.

								Program	CRICOS
Nutrition and dietetics									
Bachelor of Nutrition and Dietetics	Mar, Jul	4F	G	✓	320	7.0	H2	✓	1355 067746D
Graduates are: eligible to become members of Dietitians Australia and can apply to join the Accredited Practising Dietitian (APD) program.									
Bachelor of Nutrition and Dietetics (Honours)	Mar, Jul	4F	G	✓	320	7.0	H2	✓	1436 084289E
Entry requirements: Admission into Honours is via completion of Year 1, 2 and Year 3/Tri 1 of Bachelor of Nutrition and Dietetics with 5.0 GPA.									
Graduates are: eligible to become members of Dietitians Australia and can apply to join the Accredited Practising Dietitian (APD) program.									
Occupational therapy									
Bachelor of Occupational Therapy (Honours)	Mar	4F	G, N	✓	320	7.0	H4	✓	1662 084288F
Graduates are: eligible to apply for registration as an occupational therapist with the Occupational Therapy Board of Australia (subject to meeting any additional requirements).									
Paramedicine									
Bachelor of Paramedicine	Mar	3F	G	✓	240	7.0	H5	✓	1533 094591E
Graduates are: eligible to apply for registration as a paramedic with the Paramedicine Board of Australia via the Australian Health Practitioners Regulation Agency (AHPRA) subject to meeting any additional requirements. Graduates will also be eligible to become a member of the Australasian College of Paramedicine.									
Pharmacy									
Bachelor of Pharmacy	Mar, Jul	4F	G	✓	320	7.0	H1	✓	1395 077649M
What you will study	Practical placements			Career opportunities					
This degree will put you on the path to a career in the pharmacy, pharmaceutical, biotechnology or nutraceutical industries. You'll learn through practical experience in state-of-the-art facilities, including immersive virtual learning environments with formulation, pharmacology and analytical laboratories. This degree enables you to integrate the science of pharmacy with clinical practice.	You'll expand your knowledge and skills during professional practice placements in both hospital and community pharmacy settings.			Griffith pharmacy graduates are held in very high regard, with a reputation for being work-ready, with practical skills. You'll be prepared for a career in community and hospital pharmacy and medication management. You'll also be able to apply for careers in the pharmaceutical, biotechnology, nutraceutical and related industries in areas including management, sales, marketing, business development, and local and national government agencies related to medicine use and regulation.					
	Professional recognition								
	Upon completion, graduates will be eligible to apply for registration as an Intern Pharmacist with the Pharmacy Board of Australia via the Australian Health Practitioners Regulation Agency (AHPRA), subject to meeting any additional board requirements.								
Bachelor of Pharmacy (Honours)	Mar, Jul	4F	G	N/A	320	7.0	H1	✓	1614 010024O
Entry requirements: Must complete year 1 and 2 of Bachelor of Pharmacy with 5.0 GPA and 5.0 in 2013AHS.									
Bachelor of Pharmacology and Toxicology	Mar, Jul	3F	G	✓	240	6.5	S	✓	1528 087743G
Major(s): Pharmaceutical Industry; Pre-Clinical.									
Physiotherapy									
Bachelor of Physiotherapy	Mar	4F	G, N	✓	320	7.0	H5	✓	1589 094396G
What you will study	Professional placements			Recognition/accreditation					
Physiotherapists aim to enhance the movement and function of individuals and populations across their lifespan, especially when actual or potential impairments and disabilities relate to the musculoskeletal, cardiorespiratory, and neurological systems. In the Bachelor of Physiotherapy, you'll learn and practice techniques to enhance functional movement by undertaking biomedical, physical and behavioural science courses, as well as physiotherapy courses. Before graduation, you will be required to demonstrate physiotherapy knowledge and skills required for entry-level clinical physiotherapy practice.	This degree provides an innovative, student-centred and employability-focused curriculum with a strong emphasis on client-centred and evidence-based practice. From the end of your third year, you'll participate in a series of full-time professional placements, and put your skills and knowledge into practice.			Graduates of this degree are recognised by the Physiotherapy Board of Australia (PBA) and will be eligible to apply for registration through the Australian Health Practitioner Regulation Agency (AHPRA) to practice physiotherapy in Australia.					
	Honours			Career opportunities					
	High-achieving students can move into the Bachelor of Physiotherapy (Honours) in their third year. To be eligible, you must achieve a GPA of 5.0 or above in the first two years of your degree and secure a supervisor.			You may find work in various settings such as hospitals, private practices, community health centres, schools, sporting teams and the armed forces. Physiotherapists may also be employed at universities to teach and conduct research including consulting for industry and government bodies.					
Bachelor of Physiotherapy (Honours)	Mar	4F	G, N	✓	320	7.0	H5	✓	1590 094397G
Entry requirements: Year 1 and 2 of Bachelor of Physiotherapy with 5.0 GPA.									
Psychology and counselling									
Bachelor of Counselling	Mar, Jul, Nov	3F	G, M	N/A	240	6.5	S	✓	1548 090581F
Accreditation: Our Bachelor of Counselling is accredited by the Psychotherapy and Counselling Federation of Australia (PACFA) and the Australian Counselling Association (ACA). After completing this degree, you may be eligible for professional membership of these associations, and to register as a counsellor with the Australian Register of Counsellors and Psychotherapists (ARCAP).									
Bachelor of Psychological Science	Mar, Jul, Nov	3F	G, M	✓	240	6.5	S	✓	1012 058555G
What you will study	Professional recognition			Double degree option(s)					
This degree will give you a thorough grounding in clinical, developmental, biological, cognitive, social and organisational psychology. You will learn how to: apply psychological theories to topics such as thinking and perceiving, motivation, stress, health, criminal activity, and group behaviour. You will also learn to evaluate and understand tests that measure intellectual, behavioural and emotional states, and use interpersonal skills and the principles of counselling to help people with personal, health, vocational and social difficulties.	This degree is accredited by the Australian Psychology Accreditation Council (APAC). Graduates will be eligible to apply for Affiliate Membership of the Australian Psychological Society. Further study is required to qualify for registration as a psychologist.			Combine Psychological Science with: Business; Criminology and Criminal Justice; Exercise Science; Laws.					
	Career opportunities			Pathway option(s)					
You'll be prepared for occupations in counselling, guidance, health management, social research, human services, social welfare and other related fields. You may also be eligible for entry into a range of postgraduate degrees in areas such as speech pathology, social work, rehabilitation counselling, forensic mental health, criminology and				· Diploma of Social and Psychological Science For more information go to griffith.edu.au/college .					
	Honours available			Honours available					
				Honours is available for this degree (through an additional year of study).

Psychology and counselling										
Bachelor of Psychology (Honours)	Mar, Jul, Nov	4F	G, M	✓	320	6.5	H1	✓	1014	033967E

Graduates are: eligible to apply to undertake postgraduate studies in Psychology. You may also be eligible to apply for associate membership with the Australian Psychological Society. For further information on provisional or general registration as a Psychologist, refer to the Psychology Board of Australia.

International students or students for whom English is not the first or native language should refer to the Psychology Board of Australia for information on the required IELTS score for provisional registration as a Psychologist.

Public health

Bachelor of Public Health	Mar, Nov	3F	G	✓	240	6.5	S	N/A	1440	094401E
----------------------------------	----------	----	---	---	-----	-----	---	-----	------	---------

Students and graduates are: eligible for membership of the Public Health Association of Australia (PHAA) and the Australian Health Promotion Association (AHPA).

Social work

Bachelor of Social Work	Mar, Jul	4F	G, L	✓	320	7.0	S	✓	1372	056919A
--------------------------------	----------	----	------	---	-----	-----	---	---	------	---------

What you will study

In this degree, you'll develop the skills to work with individuals, families, and communities in a broad range of roles including counselling and advocacy. You'll develop your critical thinking skills, and explore the values and ethics of the profession, including promoting social justice, diversity, equity, and a commitment to the rights and needs of the people with whom you work. You'll study society, counselling, human behaviour and development, policy, theory, practice and research, as well as specialised social work courses.

Practical experience

During your degree, you'll complete two four-day-a-week field placements, each totalling 500 hours. You'll be supervised by a qualified social worker for the duration of the field placement. In some situations, it may be possible to negotiate a workplace-based field placement.

Recognition/accreditation

As a qualified social worker, you'll be eligible for membership of the Australian Association of Social Workers (AASW).

Career opportunities

Social workers make an impact on the lives of others and professional practice includes working with individuals, families and communities. Fields of practice include child welfare and families, health and mental health, counselling, youth and adolescents, working with Aboriginal and Torres Strait Islander peoples, people from diverse cultures including migrants and refugees, the disability field, older persons, employment and income support, policy development and research.

Pathway option(s)

• Diploma of Social and Psychological Science
For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree.

You will complete two 500 hour field placements in your degree.

Bachelor of Social Work (Honours)	Mar, Jul	4F	G, L, E	✓	320	7.0	S	N/A	1416	084287G
--	----------	----	---------	---	-----	-----	---	-----	------	---------

Entry requirements: Year 1 and 2 of Bachelor of Social Work with 5.5 GPA in second year core courses and 5.0 in 2002HSV or equivalent.

Health services management												
Master of Health Services Management	Mar, Jul, Nov		1–1.5F*	S, O	N/A	120	6.5	R	✓	5586	080408B	
Entry requirements: Related bachelor degree or higher. * Duration depends upon previous studies.												
Master of Advanced Health Services Management	Mar, Jul, Nov		1.5–2F*	S, O	N/A	160	6.5	R	✓	5627	082409G	
* Duration depends upon previous studies.												
What you will study	You will study a wide ranging and diverse base of specialist health management courses. If you are a graduate or manager in health and aged care services and you want to develop your skills and understanding of contemporary health service management issues, these degrees will help you achieve your goals. Through flexible teaching and research options, you will learn about key areas of health sector policy, governance, operations and evidence-based practice management.				You will also learn about managing human resources, planning and implementing health programs, and managing performance and health budgets from respected industry practitioners and academics. Additionally, you will develop skills in strategic decision making and change management and an understanding of the role of technology in health management. Through a project directly relevant to your organisation's strategic direction, you will develop research and project management skills.				Career opportunities You may find opportunities in Australia and overseas in various roles in health and social care leadership, policy, governance, quality and safety.			
Recognition/accreditation	Students who complete this degree may be eligible for membership of the Australasian College of Health Service Management (ACHSM).				Accreditation: This degree is accredited by the Australasian College of Health Service Management (ACHSM).				Undertake health management work placements in a health or aged care organisation to build your practical skills and professional networks.			
Entry requirements	Related bachelor degree or higher.											
Human services												
Graduate Certificate in Disability Studies	Mar, Jul, Nov		1P*	O	N/A	40	6.5	A	N/A	3370		
Entry requirements: Any bachelor degree or higher OR related Certificate IV and relevant work experience OR relevant work experience. * 1 year part-time only.												
Graduate Certificate in Human Services	Mar, Jul, Nov		0.5F	O	N/A	40	6.5	A	N/A	3272		
Entry requirements: Any bachelor degree or higher OR related Certificate IV and relevant work experience OR relevant work experience.												
Master of Human Services	Mar, Jul, Nov		1–1.5F	E, O	N/A	120	6.5	R	N/A	5604		
Major(s): Children, Youth and Families; Disability Practice; Generalist Practice; First Peoples Community Practice; Leadership and Management. Entry requirements: Related bachelor degree or higher OR any bachelor honours degree or higher. * Duration depends upon previous studies.												
Infection prevention and control												
Graduate Certificate in Infection Prevention and Control	Mar, Jul, Nov		1P*	O	N/A	40	6.5	R	N/A	3293		
Graduates are: recognised by the Australasian College for Infection Prevention and Control (ACIPC). Entry requirements: Related bachelor degree or higher OR professional registration and relevant work experience. * 1 year part-time only.												
Master of Infection Prevention and Control	Mar, Jul, Nov		1–1.5F*, 3P	O	N/A	120	6.5	R	N/A	5600		
Graduates are: recognised by the Australasian College for Infection Prevention and Control (ACIPC). Entry requirements: Related bachelor degree (4.0 GPA) or higher. * Duration depends upon previous studies.												
Medicine												
Doctor of Medicine	Mar*		4F	G	N/A	320	7.0	A	N/A	5099	079860C	
Entry requirements: Direct entry via Bachelor of Medical Science (page 51); any bachelor degree or other key degree (5.0 GPA) and GAMSAT (minimum score of 50 in each section) or MCAT (123 in each section) and interview. Applicants must supply GAMSAT/MCAT scores that are no more than two years old at the time of application. * The Doctor of Medicine follows a non-standard academic calendar. Check griffith.edu.au/academic-calendar for key dates.

Specialisation(s): Acute Care Nursing; Critical Care Nursing; Emergency Nursing; Paediatric Nursing; Professional Nursing. Entry requirements for Acute Care Nursing; Paediatric Nursing; Professional Nursing: A bachelor degree (4.0 GPA) in nursing or higher and professional registration. Entry requirements for Critical Care Nursing; Emergency Nursing: A bachelor degree (4.0 GPA) in nursing or higher and professional registration and relevant current work. * Duration depends upon previous studies.										
Pharmacy										
Master of Pharmacy	Mar, Jul	2–2.5F*	G	N/A	240	7.0	R	N/A	5661	085641G
* 3 years full-time equivalent offered over 2 years. Duration depends on previous studies.										
What you will study										
This program builds on the strong science foundation that students developed in their undergraduate science or health science degree to provide advanced studies in pharmaceutical science, professional and clinical pharmacy practice, and pharmacy research. It provides you with a broad range of lectures, group and self-directed learning activities, practical competence-development simulations, inter-professional learning, and clinical placements to develop the skills and knowledge necessary to undertake the internship program before applying for registration as a pharmacist. The pharmacy internship training program is 48 weeks in duration and its completion and meeting the terms of all other statutory requirements are mandatory before applying to the Pharmacy Board of Australia for registration as a pharmacist.				With successful pre-registration training you could be working as a healthcare practitioner in community or hospital pharmacy, or the public health domain. There are also broader opportunities including the pharmaceutical industry (professional responsibility for the manufacture and testing of pharmaceutical products), regulatory affairs (medicines related laws and policy making), medical affairs (pharmacovigilance, medicine information, clinical trial management and medicinal product management), research, and pharmaceutical care services.				<ul style="list-style-type: none"> Pharmacology: one trimester duration or equivalent. Physiology: one trimester duration or equivalent. Statistics or mathematics: one trimester duration or equivalent. 		
Career opportunities										
This accelerated Masters program builds on the strong science foundation of your existing degree to prepare you for entry into a high demand health profession. The wide range of learning experiences within this program provide you with skills to undertake a number of different, and flexible, career pathways.				Entry requirements				<ul style="list-style-type: none"> Completed bachelor degree within the past 10 years; IELTS score of 7.0 or equivalent and no sub-score less than 6.5⁺; Achieved an overall GPA greater than or equal to 5.0 (on a 7.0 point scale) in the last 18 months of undergraduate study; Pass these subjects at a tertiary level: <ul style="list-style-type: none"> Biochemistry: one trimester duration or equivalent. Chemistry: two trimesters duration or equivalent. 		
Pathway options										
If you are interested in enrolling in the Master of Pharmacy and do not meet the above entry requirements, please contact us to discuss alternative pathways.										
Recognition/accreditation										
Graduates of this program will be eligible to apply for registration as an Intern Pharmacist with the Pharmacy Board of Australia (via the Australian Health Practitioner Regulation Agency) subject to meeting any additional requirements that may be stipulated by the Pharmacy Board of Australia. As these requirements may change from time to time, students should contact the Australian Health Practitioners Regulation Agency to confirm registration requirements.										
Accreditation: The Master of Pharmacy is accredited by the Australian Pharmacy Council (APC).										
Psychology										
Master of Clinical Psychology	Mar	2F	G, M	N/A	160	7.0	R	N/A	5070	019491J
Entry requirements: A four year accredited degree in psychology or equivalent (as assessed by Australian Psychological Society), eligibility for provisional registration as a psychologist and satisfactory interview. Graduates are: eligible for general registration as a psychologist with the Psychology Board of Australia (subject to meeting any additional requirements).										
Master of Professional Psychology	Mar	1F*	G, M	N/A	80	7.0	R	N/A	5747	104731M
Entry requirements: A four year accredited degree in psychology or equivalent (as assessed by Australian Psychological Society), eligibility for provisional registration as a psychologist and satisfactory interview. Graduates are: eligible for general registration as a psychologist with the Psychology Board of Australia (subject to meeting any additional requirements).										
Public health										
Graduate Diploma of Clinical Physiology	Mar	1F	N		80	6.5	R		4168	084292K
Entry requirements: Related bachelor degree (GPA 5.0) or higher and interview.										
Graduate Certificate in Public Health	Mar, Jul, Nov	0.5F	G, O	N/A	40	6.5	A	N/A	3147	046442E
Entry requirements: Any bachelor degree or higher OR related diploma and relevant work experience OR relevant work experience.										
Master of Public Health	Mar, Jul, Nov	1–1.5F*	G, O	N/A	120	6.5	R	✓	5263	002408D
Entry requirements: Related bachelor degree or higher OR have completed the Graduate Certificate in Public Health (3147) with a minimum GPA of 4.0 (using a 7.0 point scale). * Duration depends on previous studies.

										Program	CRICOS
Master of Global Public Health	097098E	Mar, Jul, Nov	1.5–2F*	G, O	N/A	160	6.5	R	✓	5725	097098E

* Duration depends on previous studies.

What you will study

This program helps you to develop and further your career in public health practice, research and/or management. It allows you to re-orient your work interests in health to disease prevention and health promotion and is widely recognised both nationally and internationally as the public health credential for careers in public health.

The program focuses on the socio-ecological model of public health that emphasises and analyses the important interactions between the social, biological, economic and environmental determinants of health. They enable you to apply this analytical skill set to plan, implement and evaluate population-based interventions that protect and promote health.

The program has a strong focus on global health and provides you with the opportunity to focus your public health studies by selecting a range of electives in areas such as public health nutrition, health promotion, climate change, international health, environmental health, and health services management.

Entry requirements

Related bachelor degree or higher OR a Graduate Certificate in Public Health from Griffith University with a minimum GPA of 4.0 (using a 7.0 point scale).

Career opportunities

There are diverse career opportunities for professionals interested in moving into the public health field, developing health research skills and/or furthering competency development in public health practice areas such as: international health; humanitarian aid; health program planning and evaluation; health promotion; health policy; epidemiology and biostatistics; environmental health management; maternal and child health; and public health nutrition. You will be prepared for a variety of career opportunities with state and federal health departments, in public health units/teams, community health, local government, and in academia. Public health graduates are also highly sought after by NGO health agencies and international aid agencies.

Professional recognition

This program helps you to develop and further your career in public health practice, research and/or management. It allows you to re-orient your work interests in health to disease prevention and health promotion and is widely recognised both nationally and internationally as the public health credential for careers in public health.

As a graduate of the Master of Global Public Health, you will be eligible for membership of the following professional bodies:

- Public Health Association of Australia (PHAA)
- Australian Health Promotion Association (AHPA)
- International Union for Health Promotion and Education (IUHPE).

Social work

Program	CRICOS	Start Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Codes

Master of Social Work	092427M	Jul, Nov	2–2.5F*	G, L, E	N/A	180	7.0	R	N/A	5621	092427M

* Duration depends upon the trimester of commencement.

What you will study

This program provides you with a postgraduate, professional social work qualification that allows entry into the profession. It is specifically designed for graduates holding degrees with some social and behavioural science components. The program equips you with the knowledge, skills, values and ethical foundations for social work practice in contemporary social policy and human service contexts.

Entry requirements

Related bachelor degree (except social work) or higher.

Career opportunities

This degree prepares graduates for practice in a range of social work roles including working with individuals, groups and families, community work, advocacy, research, planning and policy development, and management and administration. The frameworks for practice incorporated in the program are designed to ensure graduates are effective, ethical, and innovative thinkers, communicators, problem-solvers, change facilitators and leaders.

There are career opportunities for social workers in government, non-government and private sector agencies with jobs in hospital and community health settings, youth work, Aboriginal and Torres Strait Islander services, child and family welfare, child protection, youth and adult offending, employment and income support,

aged care, community development, family support, disability services, services for women, multicultural services and many other social welfare organisations.

Recognition/accreditation

Enrolled students and graduates of this program will be eligible to apply for registration with the Australian Association of Social Workers (AASW) subject to meeting any additional requirements that may be stipulated by the AASW. As these requirements may change from time to time, students should contact the AASW to confirm registration requirements.

This program is accredited by the Australian Association of Social Workers (AASW).

Music										
Bachelor of Music	Mar, Jul, Nov	3F	S	✓	240	6.5	S	N/A	1419	090584C
What you will study	Areas of study		Advanced programs							
This degree will expose you to diverse musical styles and idioms including classical, contemporary, jazz, popular, electronic, experimental and world music. You'll also learn the broadly accepted musical skills of aural awareness training, music theory, critical listening, contemporary music-making practices and musicology. The numerous collaborative opportunities in this degree will prepare you for life as a professional musician capable of performing in professional orchestras, theatre and opera companies, media, entertainment and community arts organisations.	Strings; brass; woodwind; percussion; keyboard; classical voice; jazz instrumental or voice; composition; popular music; creative music technology.		<ul style="list-style-type: none"> Bachelor of Music in Performance (1413) Bachelor of Music in Composition (1414) Students who have successfully completed the requirements of the three-year Bachelor of Music and wish to extend their studies, rather than graduate with the three-year qualification may apply (depending on grades in specific subjects) for a 4th year specialising in performance, creative practices or research.							
Audition	Career opportunities		Learn in state-of-the-art performance facilities with award winning professors and industry experts who are focused on preparing you for life as a musician.							
As part of your application you will need to submit a high-quality audition video online (through a secured link on, for example, YouTube or Vimeo, or via a dropbox link), dated and certified as being an unedited performance by the applicant and signed by the person in charge of the recording session OR a folio of work (composition applicants).	As a graduate, you'll be prepared for work as a performer, producer, composer, or in many other areas related to music. Through self-directed project work, you'll have opportunities to refine your skills and focus on your specialty while gaining first-hand professional experience in your chosen area. If you wish to study music education, you can choose to enter a teaching preparation strand in your second year.									
griffith.edu.au/conservatorium-auditions	Honours available									
	Honours is available for this degree (through an additional year of study).

Future-ready

The majority of future jobs growth is likely to be in science, technology, engineering and maths*, so you'll have strong career prospects when you study sciences at Griffith.

* Office of the Chief Scientist, Australia's STEM Workforce report

Industry experience

Through our unique employability program, including final-year projects, you'll gain practical experience with industry partners and be prepared to enter a wide range of careers.

Unique degrees

Our forensic science degree was the first in Australia and is the only one of its kind in Queensland. It is taught by internationally renowned experts and practicing forensic scientists. Our Bachelor of Science/Bachelor of Data Science double degree is also the only double degree of its kind in Queensland.

Environment

Bachelor of Environmental Science	Mar, Jul, Nov	3F	G, N	N/A	240	6.5	S	✓	1547	090584C
--	---------------	----	------	-----	-----	-----	---	---	------	---------

What you will study

This is a practical degree that prepares you to apply scientific knowledge to environmental management decision-making. You'll gain knowledge and skills from across the broad environmental science spectrum, exploring issues from social, physical and biological perspectives. After completing core science courses in your first year of study, you'll choose a major that suits your interests and career plans. The final year includes a 'capstone' experience where you'll have the option to engage with university research, undertake an extended fieldwork program, and/or complete an industry placement.

Career opportunities

Depending on your major, you'll be prepared for work in positions such as environmental officer, environmental consultant, wildlife biologist, conservation ecologist, environmental chemist, environmental scientist or consultant.

Double degree option(s)

Combine Environmental Science with: Data Science; Business; Engineering; Law.

Pathway option(s)

- Diploma of Science

For more information go to griffith.edu.au/college.

Recognition/accreditation

The Bachelor of Environmental Science is accredited by the Environment Institute of Australia and New Zealand (EIANZ).

Depending on your major, you will be eligible to join the following professional bodies:

- Australian Society for Limnology
- Australian Society of Plant Scientists
- Ecological Society of Australia
- River Basin Management Society
- Royal Australian Chemical Institute
- Soil Science Australia.

Bachelor of Marine Science	Mar, Jul	3F	G	N/A	240	6.5	S	✓	1328	059729E

Specialisation(s): Applied Mathematics; Biosciences; Chemistry; Geography; Marine Science (G); Physics; Wildlife Biology.

Data science

Data science can now be studied as a major in the Bachelor of Science and Bachelor of Science Advanced (Honours) degrees, or as part of a double degree with Engineering, Science, Business or Environmental Science. This will allow you to develop a specialised skill set that can be applied to your chosen major of study, and broaden your career options.

'Since I can remember I knew that I wanted to study Marine Biology, so when I got the opportunity to come to Australia to study at Griffith I didn't hesitate. During my studies I have taken on a number of internship and volunteering opportunities, including with the Australian Marine Conservation Society, Humpbacks and High-rises and a work placement with the Australian Rivers Institute. Having a great grade is good, but having experience is important because you never know where it can lead you. I honestly enjoy every part of studying in Australia at Griffith University, particularly the feeling that I am part of something bigger that will have a huge impact on saving our oceans and environment in the future.'

Master of Integrated Water Management	Mar	1.5F	O	N/A	120	6.5	R	N/A	5722	

What you will study

The Master of Integrated Water Management creates water leaders by drawing on international teaching and research from many fields to provide a trans disciplinary, whole-of-water-cycle approach to water management.

The program aims to build the capacity of future leaders in water management, with an emphasis on professionals working in WASH and development, urban water management and across water, land and people. The program equips students with practical tools and skills for developing and managing the adoption of innovative solutions to local, regional, national and international water management issues.

Students will develop the strategic, managerial and technical skills they need to advance in the water sector.

The program is managed and led by the International WaterCentre (IWC). The IWC is a key player in the global water sector and dedicated to providing education and training to promote whole-of-water cycle approaches to integrated water management around the world.

This program is designed for graduate or professional scientists who wish to extend their skills and knowledge in clinical and environmental microbiology, bioinformatics, protein science, molecular biology, and genomics and apply it in a competitive commercial environment.	Related bachelor degree (4.5 GPA) or higher.		Graduates will be highly employable, obtaining a broad and in-depth understanding of current biotechnologies, business and innovation trends, marketing and business planning, as well as obtaining knowledge on how to manage research in an industry environment.							
It is also suited to scientists wishing to become business/research managers and entrepreneurs in the exciting world of biotechnology with applications in clinical settings, agriculture, food and the environment.

Global top 15

Animation

2021 International Animation School Rankings

Toon Boom
Center of
Excellence

Griffith University's recognition as a Toon Boom Centre of Excellence verifies that our Bachelor of Animation meets a high standard of depth, breadth and quality.

Visual and creative arts

Specialist arts and design college

Founded in 1881, Queensland College of Art is the oldest art and design institution in Australia.

Australia's largest film school

Griffith Film School students learn from acclaimed industry figures, and have access to an exciting calendar of guest lectures and master classes.

Industry connections

Our industry partnerships and collaborations unlock opportunities of all kinds, with access to on-campus exhibitions, screenings, guest lectures and much more.

Animation

Bachelor of Animation	Mar	3F	S	✓	240	6.5	H1	N/A	1179	011449J
------------------------------	-----	----	---	---	-----	-----	----	-----	------	---------

Major(s): Animating, Art Direction, CGI Technical Direction.

Portfolio: Applicants are required to submit a portfolio. Visit degrees.griffith.edu.au for details.

Design

Bachelor of Design	Mar, July, Nov	3F	G, S	✓	240	6.5	S	✓	1189	020086A
---------------------------	----------------	----	------	---	-----	-----	---	---	------	---------

What you will study

If you're passionate about contemporary design opportunities and designing for a sustainable future, this degree will equip you with the creative and technical skills and insights to rise to future design challenges. It will prepare you for designing future products, services and systems in a creative and critical way. You'll gain a unique perspective on how the world impacts design and how design shapes the world around us. In partnership with leading experts and industry, you'll gain the skills to tackle real design problems and devise leading-edge strategies and solutions.

Majors

As a student of this degree, you can choose to specialise in one of the following areas:

- Immersive Design
- Interaction Design
- Interior and Spatial Design
- Product Design
- Visual Communication Design

Career opportunities

You'll be prepared to join the ranks of adventurous designers changing the way we interact with our environment and enhancing the way we live. You'll gain the industry experience, networks and knowledge needed to succeed in cutting edge design fields.

Double degree option(s)

Combine Design with: Business.

Professional recognition

As a graduate, you'll be eligible for membership of the Design Institute of Australia.

Industry experiences

At Griffith's Queensland College of Art you'll develop the skills and confidence to push boundaries and practise your craft anywhere in the world. In this degree, you'll work on projects for real clients through our QCALive work-integrated learning studios, including our commercial design studio, Liveworm. You'll also have the chance to take up exciting work placements to build your portfolio and cultivate important contacts and networks.

Pathway option(s)

- Diploma of Design

For more information go to griffith.edu.au/college.

Honours available

Honours is available for this degree (through an additional year of study).

Work on studio projects for industry clients and community partners that have a real social and environmental impact.

Bachelor of Film and Screen Media Production	Mar	3F	S	✓	240	6.5	H1	N/A	1284	058710B
---	-----	----	---	---	-----	-----	----	-----	------	---------

What you will study

This degree focuses on developing your skills as an innovative content creator, setting you up for success in this ever-changing industry. You'll receive a practical education in film and screen media production. With access to state-of-the-art facilities, you'll benefit from our deep industry connections and engagement opportunities embedded throughout your degree. You'll learn how to work in a team to bring your vision to life for the screen, while gaining a thorough grounding in the history, practice and critical analysis of film and new technologies, including virtual production.

Comprehensive choices

You'll have the choice of electives in editing, producing, cinematography, directing, scriptwriting, sound, visual effects and production design, among many others. You'll also take courses in screen production and screen distribution, which will help you learn about finding support and audiences for your screen production work.

Industry exposure

Your studies will be enhanced by a supervised work placement and regular exposure to national and international artists-in-residence working across film and screen media production. Students can gain professional production experience through LiveLab, the commercial production arm of Griffith Film School.

Career opportunities

Depending on your areas of specialisation and choice of electives, you may find opportunities in the mainstream film and television industries, working on commercials, music videos, corporate videos, streamed online content, film festivals or video/digital art practice.

Further study

As a graduate, you'll have the option to develop your specialist skills at a higher level by applying for Griffith's Bachelor of Film and Screen Media (Honours) or Master of Screen Production.

Portfolio

Applicants are required to submit a portfolio. Visit degrees.griffith.edu.au for details.

Games design

Bachelor of Games Design	Mar	3F	S	✓	240	6.5	S	N/A	1338	061452M
---------------------------------	-----	----	---	---	-----	-----	---	-----	------	---------

Major(s): Animating; Art Direction; Computer Generated Imagery; Player Experience.

Portfolio: Applicants are required to submit a portfolio. Visit degrees.griffith.edu.au for details.

Visual arts

Bachelor of Visual Arts	Mar, Jul	3F	S	✓	240	6.5	S	✓	1651	104732K
--------------------------------	----------	----	---	---	-----	-----	---	---	------	---------

Major(s): Painting, Photography, Sculpture.

Double degree option(s): Business.

Postgraduate degrees

	Start	Trimester	Duration	Campus	Honours	Credit pts.	IELTS	Academic	Pathways	Codes	
										Program	CRICOS
Design											
Graduate Certificate in Design	Mar, Jul		0.5F	G, S	N/A	40	6.5	A	N/A	3344	097292C

Entry requirements: Any bachelor degree or higher or relevant work experience.

Master of Design	Mar, Jul		1–2F	G, S	N/A	160	6.5	O	✓	5720	096162K
-------------------------	----------	--	------	------	-----	-----	-----	---	---	------	---------

What you will study

The Master of Design offers students the opportunity to advance their skills and knowledge on design context and processes in multiple areas including experience design, design thinking, emerging design futures and business and professional practice.

Students will utilise both collaborative and individual working contexts to expand their knowledge of contemporary design processes at professional industry level. They will gain research and critical thinking skills which will be deployed in a major design project in the second year of the program.

Career opportunities

Graduates will be prepared for practice-led work and/or design strategy and leadership in macro, micro and freelance scenarios.

With a graduate portfolio demonstrating your innovative knowledge and skills, the Master of Design better prepares you for future jobs in a wide range of global industries and careers, including: experience design, user experience, service design, graphic communication design, digital visual design, product and 3D design, design management, design strategy, creative technologist, design research, and user research.

Entry requirements

Any bachelor degree or higher or a combination of alternative admission criteria such as formal, informal and non-formal learning deemed to be equivalent to a bachelor degree or higher; AND provide a brief personal statement of 2–3 paragraphs outlining:

1. Why you want to study a Master of Design **and**
2. A description of the research and/or practical projects that you would like to undertake during the study with reference to the courses and topics in the program that attract your interest.

Pathway option(s)

- Masters Qualifying Program

For more information go to griffith.edu.au/college.

Film and screen

Master of Screen Production	Mar, Jul		2F	S	N/A	160	6.5	R	✓	5736	0100674
------------------------------------	----------	--	----	---	-----	-----	-----	---	---	------	---------

What you will study

In the Masters, you will undertake practical work, integrated with screenings and discussions that will place your learning in a craft and creative context.

The degree includes a strong collaborative component, which will help you develop a sound understanding of how your specialist role fits into the production process. You will learn through a problem-based curriculum, active learning in small groups, and practical work placements that give you an opportunity to combine theory and practice.

As a graduate, you will be equipped to begin practice in a wide range of film production settings. You will develop research skills that will help you respond effectively to the changing nature of the industry.

The degree may include the option of a supervised industry placement or internship.

Major(s)

Advanced Screen Production, Digital Filmmaking.

Entry requirements

Major in Digital Filmmaking: Any bachelor degree or higher AND a personal statement that addresses criteria.

Major in Advanced Screen Production: Any bachelor degree or higher or Graduate Certificate in Film, Screen or Media Production (or equivalent) OR bachelor honours degree or Graduate Diploma in Film, Screen or Media Production (or equivalent) OR a combination of formal, informal and non-formal learning deemed to be equivalent to other entry requirements listed AND a portfolio of creative work.

Career opportunities

You will be prepared for a wide range of employment opportunities in the screen production industries. You will be able to seek work professionally as a writer, producer, director, or as a specialist in key creative screen production disciplines such as cinematography, editing, sound design, postproduction, composition, production design, television, animation, games design or visual effects.

Pathway option(s)

- Masters Qualifying Program

For more information go to griffith.edu.au/college.

¹GCE A Levels: Aggregate of the best 3 A Level or combination of A and AS Level subjects A*=6, A=5, B=4, C=3, D=2, E=1 (AS Levels are equivalent to half points, e.g. A=2.5).

²Bangladesh: Bangladeshi Higher Secondary or Intermediate Certificate (since 2003). Grade average in the final year results OR successful completion of a recognised pre-tertiary or foundation program OR successful completion of one year study at a recognised tertiary or higher education institution is required in addition to the completion of high school studies.

³Gao Kao: Successful completion of the National College Entrance Examination (Gao Kao) with a minimum of % of the overall maximum score.

⁴Hong Kong: Hong Kong Diploma of Secondary Education (HKDSE). Aggregate Score in the best 5 Category A/B subjects.

⁵India: All India Senior School Certificate (AISSC) or comparable qualification (awarded by CBSE or CISCE). An overall grade average % in the best 4 academic subjects.

⁶Indonesia: Indonesia Secondary School Leaving Certificate (STTB SMA) (2013 onwards). Grade average in the best 5 subjects.

⁷Korea, Republic of: Korean Republic College Scholastic Ability Test (CSAT). A minimum overall grade. The overall grade is calculated from the results in Korean Language, Mathematics, Science and Social Study Areas. Results in other components are not considered.

⁸Korea, Republic of: Specialised High School Diploma. Grade average in the final year results (where A =5, B=4, C=3, D=2 and E=1).

⁹Malaysia: Malaysia Independent Chinese Secondary Schools Unified Examination Certificate (MICSSS/UEC). Aggregate score, maximum of best 10 subjects. (Where A1 = 8, A2 =7, B3=6, B4=5, B5=4, B6=3, C7=2, C8=1).

¹⁰Norway: Norwegian Certificate of Completion of Upper Secondary School Examinations. Grade average in final year results.

¹¹Pakistan: Pakistani Higher Secondary School Certificate or Intermediate Certificate (Pre-Eng & Pre-Med streams only). Grade average in final year results. *Standard entry of 85 relates to the Humanities & Science Streams.

¹²Singapore: Singapore-Cambridge General Certificate of Education (Advanced Level) (Level H1=AS Level; Level H2=A Level). For H2 subjects, A=5, B=4, C=3, D=2, E=1. For H1 subjects, the notional value is half of that assigned to H2 subjects.

¹³Sri Lanka: Sri Lankan General Certificate of Education (A Levels). Grade average in the best 3 Advanced Level subjects (where A=4, B=3, C=2, S=1).

¹⁴USA/SAT: Composite SAT1 score (from March 2016). Students must also have completed a high school diploma.

¹⁵USA/ACT: Complete ACT with minimum composite score. Students must also have completed a high school diploma.

¹⁶Vietnam: Upper Secondary Education Graduation Diploma (Bang Tot nghiep Trung hoc Pho thong). Successful completion of year 12 with an average out of 10 in 4 academic subjects.

¹⁷Australia: The ATARs listed are correct as at April 2022.

These are subject to change and should be used as a guide only.

Campuses: G: Gold Coast campus, N: Nathan campus, M: Mt Gravatt campus, L: Logan campus
N/A: not applicable; NP: not published

All information is correct as at April 2022, but is subject to change. Visit degrees.griffith.edu.au/study/degrees for the most up-to-date information.

How to apply

68

Applying to study at Griffith is easy. With applications open all year round, you can complete your application in six simple steps.

01

Choose the degree you want to study.

Find the degree which meets your career and study goals at griffith.edu.au/international-study

02

Check if you meet entry requirements.

Consider a pathway option if you don't meet direct entry requirements (see page 22).

03

Check if you are eligible for credit.

If you have existing formal qualifications or relevant work experience, you may be eligible to receive credit, which will reduce the duration of your study. griffith.edu.au/credit

04

Prepare supporting documentation.

Include certified copies of your academic and English test results (translated into English if applicable) plus a portfolio or audition if relevant to your degree.

05

Apply online.

Apply online or via a registered recruitment representative. griffith.edu.au/apply/international

If you are currently studying at an Australian high school you may apply through QTAC or UAC.

06

Accept your offer.

You must return evidence of meeting any outstanding conditions in your Letter of Offer, formally accept your offer and pay your total deposit fee.

Application dates

We recommend that you apply by:

- 31 January (to start in Trimester 1)
- 3 June (to start in Trimester 2)
- 30 September (to start in Trimester 3).

You must allow enough time for your visa application to be processed to enable you to arrive in time for Orientation Week.

Some degrees have different application closing dates. Check if this applies to your degree at degrees.griffith.edu.au

After you accept your offer

Once you have accepted your offer you will receive an electronic Confirmation of Enrolment (CoE) which you will need when you apply for a student visa. Visit griffith.edu.au/international/plan-your-move-to-australia for useful information about life in Australia including:

- Accommodation
- Griffith support services
- Orientation
- Public transport
- Moving to Australia with a family.

griffith.edu.au/apply/international

How to use this guide

The following information will help you understand how to read this guide.

Campuses

G = Gold Coast S = South Bank
L = Logan O = Online
M = Mt Gravatt E = External
N = Nathan

If you enrol in an online or external degree you are not eligible for an Australian student visa. Online and external degrees can be studied part-time.

Modes of study

F = Full-time study
P = Part-time study

For example, 3F = three years full-time,
1P = one year part-time

Programs and courses

A student is admitted to a program, and on successful completion of all program requirements is awarded the degree to which the program relates.

Programs are made up of Courses that are usually attributed 10 credit points each.

At Griffith, a typical full-time study load is 4 Courses per trimester (40 credit points).

Credit points

Credit Point (CP) refers to the value of a course. Generally, one course is worth 10 credit points.

This may differ depending on your area of study. This Guide contains the total number of credit points each degree is worth.

Pathways

Degrees with a tick in the pathways column have a Griffith College academic pathway. Find out more on pages 22–23.

Tuition fees

2023 indicative full-time fees are calculated on the basis of 80 CP of study (2 trimesters full-time).

Tuition fees are in Australian dollars and are subject to an annual review.

Find out more at:

griffith.edu.au/apply/international/fees

Duration

Unless stated otherwise, all degree durations (years) are for full-time study. For most programs, full-time study is 80 CP per year (or 40 CP per trimester).

Full-time enrolment is normally a condition of retaining a student visa.

Honours

Degrees with a tick in the honours column have one optional year of honours research or the opportunity to complete honours within the degree.

Entry requirements

Grade Point Average (GPA)

Your Grade Point Average (GPA) is the measure used for academic achievement at Griffith University. The university uses a 7.0 scale where 4.0 is a passing mark.

Your GPA is calculated using your academic grades and the credit point value of the courses you have completed.

You can calculate your GPA using the method shown in the Calculation of Grade Point Average policy.

griffith.edu.au/students/assessment-exams-grades

Undergraduate academic entry scale

Standard – S

Higher – H1, H2, H3, H4, H5, H6

(H1 = lowest, H6 = highest)

A list of undergraduate entry requirements by country, for a selection of countries, are listed on [page 66](#).

It is also available in the 'How to Apply' tab for each degree on degrees.griffith.edu.au

Postgraduate academic entry scale

A – any bachelor degree (or equivalent) from a recognised university.

R – a related bachelor degree (or equivalent) from a recognised university.

O – a combination of other academic entry requirements.

Some degrees have additional academic entry requirements, including specific GPAs and work experience. Please check the academic entry requirements for your degree at degrees.griffith.edu.au

English language

All Griffith degrees have English language entry requirements. You can check the minimum overall IELTS score for your degree in the program pages of this Guide.

Below is a list of other tests we accept, and the corresponding results, based on our most common IELTS score:

- A minimum overall band score of 6.5 on IELTS (Academic) (no sub-score less than 6.0); or
- a minimum score of 575 on TOEFL; or
- an internet-based (iBT) TOEFL score of 79 (no sub-score less than 19); or
- no score less than 3+ in each skill of the ISLPR (conducted by ISLPR Language Services only); or
- a minimum overall score of 176 (no score less than 169) on C1 Advanced (formerly Cambridge Certificate in Advanced English) or C2 Proficiency (formerly Cambridge Certificate of Proficiency in English); or
- an overall score of 58 in the Pearson Test of English (Academic) with no score less than 50.

Griffith University does not normally accept English language test results that are more than two years old.

Some degrees have higher English language requirements. Visit degrees.griffith.edu.au
