# Experience University Canada West

University Canada West (UCW) is an innovative business and technology-focused institution located in Vancouver's vibrant downtown area. We have an innovative, dynamic and practical learning environment in place for students.

Our Semester Abroad Program gives you the opportunity to boost your academic experience, connect with students from more than 52 countries, meet professors with years of industry experience and engage in enriching classroom discussions.

Join us and you too could be a part of the world-class learning community we have developed by sharing our excellent education, professional practice and close connections within the business and technology community, thus transforming our students into leadership-ready graduates.

## What makes UCW stand out from the crowd?

### Experienced faculty

Our professors are not just esteemed academics, they also have the added bonus of industry experience, so they won't just be repeating textbook content. The professors will use their years of professional work to equip you with the latest knowledge and skills needed to succeed in today's competitive global marketplace.

### Relevant learning

Content can become outdated quickly, especially in the fast-moving environments on which our programs focus. That's why we design programs to meet the needs of the market, ensuring you receive the most up-to-date education possible. Due to the added bonus of our professors having industry experience, their teaching will be implemented via case studies, including real stories about their time on the job.

### Latest technology incorporated in our courses

We collaborate with digital leaders such as Salesforce (Trailhead), Tableau and IBM to add

relevant digital components to our courses. This aligns with our digital vision to keep our students updated with the latest technological trends.

### Small class sizes

UCW's learning environment will appeal to many. Our classes are kept small, so you can enjoy high levels of interaction with classmates and benefit from undivided attention from your professors, so you can excel.

### Student Services

We also pledge to support you every step of the way with Student Services staff who will answer any questions you may have. Engaging students in informal and social events plays an important role in academic life. Student Services provides opportunities for students to participate in activities and events outside the classroom.

### Accommodation

UCW has partnered with 4stay.com for off-campus housing for students. 4stay connects students with local room providers to give you a range of options. 4Stay sources have multiple room suppliers so students don't have to search multiple websites to find a fit. No deposit is required and 4stay guarantees their listings so UCW students can feel confident when booking.

# Experience Vancouver

Vancouver is world famous for its natural beauty and cultural diversity. Top spots include Stanley Park, with its old-growth cedar forests surrounded by water and sandy beaches and the Granville Island Public Market.

Whether you're a thrill-seeking explorer who enjoys the adrenaline rush of zipping down a ski-slope, or someone who prefers the serenity of green outdoor spaces, Vancouver has an abundance of recreational activities to choose from.

Enjoy strolling around historic Gastown, taking the aquabus to the Granville Island markets, biking or walking the seawall, skiing, snowboarding, kayaking and hiking in some of the most beautiful locations in Canada. No matter what kind of adventure you're looking for, there's something for everyone here.

## 1-day Whistler trip included in the Semester Abroad Program for all 2020 registrants
